1. 1GB = 1 billion bytes; actual formatted capacity less. Cellular data plan is sold separately.
2. Size and weight vary by configuration and manufacturing process.
3. FaceTime calling requires a FaceTime-enabled device for the caller and recipient and a Wi-Fi connection. Availability over a cellular network depends on carrier policies; data charges may apply.
4. Data plan required. LTE is available in select markets and through select carriers. Speeds will vary based on site conditions. For details on LTE support, contact your carrier and see www.apple.com/ipad/LTE.
5. Cellular data plan is sold separately. The model you purchase is configured to work with a particular cellular network technology. Check with your carrier for compatibility and cellular data plan availability.
6. Battery life varies by use and configuration; see www.apple.com/batteries for more information.
7. Siri may not be available in all languages or all areas, and features may vary by area. Internet access required. Cellular data charges may apply.

Some features may not be available for all countries or all areas. Click here to see complete list.
