2010	220	161	2013	73.18%	Met
2011	179	154	2014	86.03%	Met
2012	188	146	2015	77.66%	Met
2013	149	110	2016	71.14%	Met

The BSN Program Completion Rate at Graduation

The BSN program completion rate is defined as the percentage of students from a cohort (number admitted in one academic year excluding summers) who graduate within six consecutive semesters (Generic; LVN-BSN students) or (number admitted in one academic year including summers) who graduate within 3 consecutive semesters after the first date of enrollment in the program (RN-BSN students).
