COMPLIANCE CERTIFICATION

Name of Institution

Date of Submission

In order to be accredited by the Commission on Colleges, an institution is required to conduct a comprehensive compliance audit prior to the filing of the Compliance Certification. The comprehensive compliance audit includes an assessment of all programs and courses offered by the institution on-campus and off-campus, and those offered through distance learning. The Compliance Certification, signed by the institution's chief executive officer and accreditation liaison, attests to the institution's honest assessment of compliance with the accreditation requirements of the Commission on Colleges (including Core Requirements, Comprehensive Standards, and Federal Requirements) as applied to all aspects of the institution.

Completion of the Compliance Certification

The Compliance Certification consists of four parts:

- Part 1** Signature Page for the institution's chief executive officer and the accreditation liaison
- Part 2** List of all substantive changes that have been reported and approved by the Commission since the institution's last reaffirmation as well as the date of approval
- Part 3** The institution's assessment of compliance with the *Principles of Accreditation*
- Part 4** An attached and updated "Institutional Summary Form Prepared for Commission Reviews" that (a) lists all locations where coursework toward a degree, certificate, or diploma can be obtained primarily through traditional classroom instruction and (b) describes distance education credit offerings that can be obtained primarily through electronic means.

For each Part, please follow the directions provided. For Part 2 above, if there have been no institutional changes that required reporting or approval since the institution's last comprehensive review, please indicate it as well.

Part 3. INSTITUTIONAL ASSESSMENT OF COMPLIANCE

Directions: For each of the Core Requirements, Comprehensive Standards, and Federal Requirements listed below, the institution should place an “X” before the judgment of compliance and then add narrative in support of its judgment in accordance with directions requested in the category description.

2.7 The institution

2.7.1 offers one or more degree programs based on at least 60 semester credit hours or the equivalent at the associate level; at least 120 semester credit hours or the equivalent at the baccalaureate level; or at least 30 semester credit hours or the equivalent at the post-baccalaureate, graduate, or professional level. The institution also provides a justification for all degrees that include fewer than the required number of semester credit hours or its equivalent unit. **(Program Length)**

2.7.2 offers degree programs that embody a coherent course of study that is compatible with its stated mission and is based upon fields of study appropriate to higher education. **(Program Content)**

2.7.3 requires in each undergraduate degree program the successful completion of a general education component at the collegiate level that is (1) a substantial component of each undergraduate degree, (2) ensures breadth of knowledge, and (3) is based on a coherent rationale. For degree completion in associate programs, the component constitutes a minimum of 15 semester hours or the equivalent; for baccalaureate programs, a minimum of 30 semester hours or the equivalent. These credit hours are to be drawn from and include at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural science/mathematics. The courses do not narrowly focus on those skills, techniques, and procedures specific to a particular occupation or profession. If an institution uses a unit other than semester credit hours, it provides an explanation for the equivalency. The institution also provides a justification if it allows for fewer than the required number of semester credit hours or its equivalent unit of general education courses. **(General Education)**

2.7.4 provides instruction for all course work required for at least one degree program at each level at which it awards degrees. If the institution does not provide instruction for all such course work and (1) makes arrangements for some instruction to be provided by other accredited institutions or entities through contracts or consortia or (2) uses some other alternative approach to meeting this requirement, the alternative approach must be approved by the Commission on Colleges. In both cases, the institution demonstrates that it controls all aspects of its educational program. *(See Commission policy "Core Requirement 2.7.4: Documenting an Alternate Approach.")* **(Course work for Degrees)**
