UAP Purpose

The purpose of this University Administrative Procedure (UAP) is to set standards and responsibilities for the development, review, approval, deletion, distribution, and maintenance of university rules, administrative procedures, and guidelines that govern Prairie View A&M University (PVAMU). In addition, it is intended to provide the university with the necessary standards by which to promote efficient, effective, and orderly university operations.

Definitions

System Policy – guides the Texas A&M University System (system) by incorporating the Board of Regent’s (board) philosophies, expectations, and priorities. System policies create administrative structures, set priorities, delegate authority, assign responsibility, ensure accountability, and define reporting requirements.

System Regulation – includes specific directives and reporting requirements needed to implement system policies and include interpretations where issues are not covered or are unclear in system policies. System regulations may also be used to communicate uniform guidelines established by the chancellor on matters of overall system concern that are not specifically addressed in system policies and to provide for uniform compliance with fiscal, academic, research, human resources, and other management standards and requirements imposed from federal or state law or external administrative agency rule.

University Rule – supplements system policies and regulations, may be required by a system policy or regulation; directed by the board chair or chancellor; or created for matters unique to the university. University rules should be concise and understandable and contain minimal operational details. University rules must be submitted to the System Policy Office for review, which includes Office of General Counsel review for legal sufficiency and consistency with system policies and regulations with final approval by the chancellor.

University Administrative Procedure/Guideline – implements system policies and regulations and university rules. University administrative procedures/guidelines provide implementation instructions unique to the university. University Administrative Procedures/guidelines may be submitted to the System Policy Office for review. This may include Office of General Counsel review for legal sufficiency and consistency with system policies and regulations when required by system policies or regulations or at the request of the university.
**Departmental/Standard Operating Procedure** - detailed, written instructions on departmental operations and/or processes. The details in the procedure standardize the process and provide step-by-step how-to instructions that enable anyone within a specific department to perform the task in a consistent manner. Departmental/standard operating procedures serve as instructional resources that allow employees to act without asking for directions, reassurance, or guidance.

**Official Procedures and Responsibilities**

1. **GENERAL**

   1.1 System Policy [01.01 System Policies, Regulations, and Member Rules and Procedures](#) and System Regulation [01.01.01 Format for Policies, Regulations, Rules and Procedures](#) require that PVAMU establish university rules, administrative procedures, and guidelines that are consistent with and subordinate to both system policy and regulation requirements. In instances where a conflict between a university rule, administrative procedure, or guideline and a system policy or regulation arises, the higher document will take precedence.

      1.1.1 In accordance with System Policy [01.01](#), all university rules must complete the university’s internal review process and be submitted to the System Policy Office for review within six months of the related system policy’s and/or regulation’s publication, or board chair’s or chancellor’s request.

   1.2 University rules, administrative procedures and guidelines represent PVAMU governance documents that require compliance by employees, students, and agents of the university.

      1.2.1 Noncompliance with system policies or regulations, and university rules, administrative procedures or guidelines may be considered grounds for disciplinary action up to and including termination of employees or expulsion of students.

   1.3 University rules, administrative procedures and guidelines are subject to review and/or revision at any time and, at a minimum, are subject to a mandatory five-year review.

   1.4 Directives or memoranda may be issued from time to time to address internal operational issues. These may not be specific university rules or administrative procedures, but rather directions to promote efficient, effective, and orderly university operations. All directives and memoranda must be in compliance with published system polices and regulations and university rules, administrative procedures and guidelines.

   1.5 Departmental/standard operating procedures are department-based and do not have to follow the process outlined in this university administrative procedure.
2. RESPONSIBILITIES

2.1 The president has overall responsibility for university rules, administrative procedures and guidelines that govern PVAMU. The president or their designee must approve all university rules, administrative procedures and guidelines.

2.2 The president has delegated responsibility for maintenance of all university rules, administrative procedures and guidelines to the Office of University Compliance. The Office of University Compliance is responsible for:

2.2.1 Coordinating the development, review, and routing for approval of university rules, administrative procedures and guidelines;

2.2.2 Maintaining the university’s Policy Library;

2.2.3 Notifying the university community when new or revised university rules, administrative procedures and guidelines are posted or deleted; and,

2.2.4 Coordinating the university’s review comments and responses to the System Policy Office regarding draft system policies and regulations that impact university governance.

2.3 Based on the system policy and/or regulation, a contact office shall be designated for each university rule, administrative procedure and guideline. The contact office’s responsibilities include:

2.3.1 Working with stakeholders to develop content;

2.3.2 Maintaining accurate and current information, including notifying the Office of University Compliance of any updates, edits or changes to hyperlinks within the university rules, administrative procedures and/or guidelines so that updates can be made;

2.3.3 Providing interpretation; and,

2.3.4 Performing periodic reviews and revisions of university rules, administrative procedures and guidelines as needed, or as designated by the five-year review cycle.

2.4 Each university supervisor is responsible for ensuring that employees within their departments have been trained and have access to system policies and regulations, university rules, administrative procedures and guidelines, and departmental/standard operating procedures pertinent to their job assignments.

3. DEVELOPMENT, REVISION, OR DELETION OF UNIVERSITY RULES, ADMINISTRATIVE PROCEDURES, AND GUIDELINES

3.1 Based upon approved system policies and regulations, the Office of University Compliance will determine whether the university needs to develop, revise, or delete a university rule, administrative procedure and/or guideline.
3.1.1 Requests for the development, revision or deletion of a university rule, administrative procedure or guideline may also originate from the president, a vice president, any office delegated with the responsibility for compliance with such university rules, administrative procedures and/or guidelines, or an office affected by a university rule, administrative procedure and/or guideline.
