UNIVERSITY ADMINISTRATIVE PROCEDURE**

**29.01.03.P0.03 Information Resources – Email Usage**

Approved May 26, 2009

Revised May 4, 2011

Revised March 5, 2014

Revised August 14, 2017

Reviewed December 22, 2022

Next Scheduled Review: December 22, 2027

---

**UAP Purpose**

The purpose of this University Administrative Procedure (UAP) is to provide guidelines regarding the use of email through university owned information resources. In addition, the performance of these procedures is necessary to ensure compliance with the Texas Administrative Code [Ch. 202, Subch. C, Information Security Standards for Institutions of Higher Education](#).

---

**Definitions**

**Confidential Information** - information that is confidential pursuant to state or federal law. Such information may also be subject to state or federal breach notification requirements. See the [Texas A&M University System Data Classification Standard](#) for additional information.

**Information Resources (IR)** - the procedures, equipment, and software that are designed, employed, operated, and maintained to collect, record, process, store, retrieve, display, and transmit information or data.

**Information Security Officer (ISO)** - person responsible to the executive management for administering the information security function within the university. The ISO is the university's internal and external point of contact for all information security matters.

**Encryption (encrypts, encipher, or encode)** - the conversion of plain text information into a code or cipher-text using a variable, called a "key" and processing those items through a fixed algorithm to create the encrypted text that conceals the data's original meaning.

---

**Official Procedures and Responsibilities**

---

**1. GENERAL**

- 1.1 Under the provisions of the [Information Resources Management Act](#), information resources are strategic assets of the State of Texas that must be managed as valuable state resources. Since a large portion of university business is conducted using email, it is important that email services function in an efficient and reliable manner.

- 1.2 There may be additional measures that department heads or deans will implement to further mitigate risks. The assessment of potential risks and the application of appropriate mitigation measures are to be determined by the department heads and their identified information security administrators. In accordance with Texas Administrative Code [Ch. 202, Subch. C, Information Security Standards for Institutions of Higher Education](#), each department and/or resource owner may elect not to implement some or all of the risk mitigation measures provided in this UAP based on documented information security risk management decisions and business functions. Such risk management decisions must be documented and approved by the designated Information Security Officer (ISO).

## **2. APPLICABILITY**

- 2.1 This UAP applies to all Prairie View A&M University (PVAMU) information resources. The intended audience for this UAP includes, but is not limited to, any university employee, student, guest, or visitor that may use any university information resource that has the capacity to send, receive or store email.

## **3. PROCEDURES**

- 3.1 Whenever possible, the PVAMU email system(s) is/are the official communication system for university business.
- 3.2 Prohibited Uses:
  - 3.2.1 The PVAMU email system shall not to be used for the creation or distribution of any disruptive or offensive messages, including offensive comments about race, gender, disabilities, age, sexual orientation, pornography, religious beliefs and practice, political beliefs, or national origin. Employees who receive any emails with this content from any PVAMU employee should report the matter to their supervisor immediately.
  - 3.2.2 No sensitive and/or confidential PVAMU material should be transmitted via PVAMU email unless encrypted. See UAP [29.01.03.P0.22 Encryption of Confidential and Sensitive Information](#). Individuals must not send, forward or receive confidential or sensitive PVAMU information through non-PVAMU email accounts.
  - 3.2.3 Sending chain letters or joke emails from a PVAMU email account is prohibited. Mass mailings from PVAMU must be approved by the Office of Marketing and Communications before distribution. These restrictions also apply to the forwarding of mail received by a PVAMU employee.
- 3.3 Personal Use:
  - 3.3.1 Using a reasonable amount of PVAMU resources for personal emails is acceptable, but non-work related email shall be saved in a separate folder from work related email.
- 3.4 Monitoring:

- 3.4.1 Prairie View A&M University employees shall have no expectation of privacy in anything they store, send or receive on the university's email system. PVAMU may monitor messages without prior notice. PVAMU is not obliged to monitor email messages.
- 3.5 Enforcement:
  - 3.5.1 Any employee found to have violated this policy may be subject to disciplinary action, up to and including termination of employment.
- 3.6 Employees are prohibited from downloading and using unauthorized communication software (for example, Instant Messaging, Yahoo Messenger) to transmit messages via the Internet. Any requests for exceptions must be routed to the ISO.
