July 2021

I hope this outreach finds you and your loved ones in good health!

As a University, our staff are committed to a successful move-in process that adheres to the CDC’s recommended COVID-19 preventative measures including thorough sanitization of living spaces prior to move-in, requesting physical distancing in closed areas, strongly recommending wearing masks while in public spaces, and use of hand sanitizer when needed.

We know that students are eager to move to campus, as such we have developed this handout that should provide information and guidance for a safe and healthy residential experience.

After reviewing this document, feel free to contract us with questions

FALL MOVE-IN DATES

In order to adhere to recommended physical distancing and occupancy guidelines, the following move-in dates are being implemented. Remember, while all students are able to move into their assigned spaces as early as their lease date – August 15th, some specific dates have been identified for Freshman to ensure that the following are open – Cafeteria (food), University Official Offices, and Bookstore.

<td>August 17th &amp; 18th</td>
<td>August 19th &amp; 20th</td>
</tr>
</tbody>
</table>

FALL MOVE-IN EXPECTATIONS

Please arrive at campus for move-in per your assigned date and time.
In the coming days, move-in information will be emailed to the address listed on your housing record. Please pay close attention to this communication. If you require special arrangements, or considerations at your designated time, do not hesitate to reach out to your residential community’s business office for assistance.

University College: 936.261.5990  UniversityCollegePV@americancampus.com
University Village: 936.261.5950  UniversityVillagePV@americancampus.com
University View: 936.261.3796  UniversityView@americancampus.com
University Square: 936.261.3781  UniversitySquarePV@americancampus.com

Only 2 guests may assist a student with their move. After all personal items have been placed inside the room, guests will be required to leave the room and residential community. Guests will not be allowed to remain in the room beyond the time it takes to move in all personal items. We ask that students remember this when deciding what to bring to campus.
Masks are strongly encouraged in shared spaces.

Maintain all physical distancing and occupancy guidelines.

Continue to monitor your health prior to traveling to campus. If you or your guests are not feeling well, stay home and contact your residential community’s business office for assistance.

We strongly recommend residents and their guests bring additional items like, extra masks, gloves, hand sanitizer, disinfecting spray and wipes, and paper towels to protect themselves while moving in. These items will also be useful to keep on hand throughout the academic year.

To avoid a disruption to your move, we ask that you follow all housing and university staff directives. This is for your safety and ensures a positive move-in experience for all community members.

Additional move-in information will be provided in the student’s confirmed room assignment email. As we near move-in day events, students are encouraged to pay close attention to their PVAMU email and PVAMU website for the latest announcements and campus updates.

**FRESHMAN MOVE-IN UPDATES**

While University College and University Square residents are able to move-into their assigned spaces as early as their lease allows - August 15th, we strongly recommend following the University move-in dates of August 16th & 17th by building.

**Available to Freshman on August 16th & 17th**
- Moving Carts (limited to 20 minutes per resident)
- Helpers to assist with move-in
- Access to the Campus Bookstore
- Access to University business offices

**Once students have moved in and their loved ones have hugged them goodbye, students will have the opportunity to participate in the following:**
- Guided Campus Tours
- Dinner in the Cafeteria (Meal Plans activate on August 16th)
- Engagement with Peer Mentors
- Evening Fun Activities

**Move-In By Building Information is found at www.pvamu.edu/reslife**
It is the responsibility of each community member to prevent the spread of communicable diseases in residential spaces. Though this will not be an all-inclusive list, or the last time this information will be shared, it is a start towards preparing mentally and physically for our new normal.

| Visitation & Guests                                                                 | • Visitation will run as outlined in your housing lease. Note that co-ed visitation hours are Sunday – Thursday 6pm-11:30pm and Friday & Saturday 4:30pm-12:30am. Housing and Residence Life will continue to monitor COVID-19-related situations that may impact our residential communities and visitation. Please pay close attention to your student email accounts and the PVAMU main webpage for the latest updates and campus announcements.  
• Masks are strongly encouraged.  
• Guests are required to adhere to all residential physical distancing, occupancy, and other residential guidelines and policies. Individuals found in violation may jeopardize their guest privileges.  
• Visitation will begin 2 weeks after the semester starts and can be suspended at any time.  
• Guests should monitor their health and not visit when feeling sick. |
| Roommate Expectations                                                               | • Residents are expected to maintain a clean room, which includes disinfecting frequently touched spaces and removing all trash from the room.  
• Keep extra masks, hand sanitizer, cleaning and disinfecting products in your room.  
• All shared spaces or items should be cleaned and disinfected after every use.  
• Continue to wear masks as recommended.  
• Share your concerns related to safety or COVID-19 with housing staff for assistance.  
• Monitor your health and stay home when feeling sick. |
| Residential Community & Shared Spaces                                               | • Masks are strongly recommended in shared space.  
• Residents are required to follow all physical distancing and occupancy guidelines.  
• There will be limits on where food can be consumed due to masks being strongly recommended. Students should continue to monitor your health and stay home when feeling sick. |
| Moving Throughout Campus                                                            | • Masks are strongly recommended in shared spaces.  
• When hanging out in a group, remember to adhere to physical distancing and occupancy guidelines.  
• Carry an extra mask and hand sanitizer on your person.  
• Monitor your health and stay home when feeling sick. |
| Traveling Away from Campus                                                           | • If travel off campus is required, we strongly recommend that you wear a mask.  
• Understand the risk of traveling to areas with increased numbers of COVID-19 cases.  
• Be mindful when socializing on-campus after traveling off campus.  
• Continue to monitor your health and stay home when feeling sick. |
