The General Order on Judicial Standards of Procedure and Substance in Review of Student Discipline in Tax Supported Institutions of Higher Education supports higher standards of behavior for students.

Attendance at a university is not compulsory. The voluntary attendance of a student at a university is a voluntary entrance into the academic community. By such voluntary entrance, the student voluntarily assumes obligations of performance and behavior reasonably imposed by the university. These obligations are generally much higher than those imposed on all citizens by the civil and criminal law. A university may discipline students to secure compliance with these higher obligations as a teaching method or to sever the student from the academic community.

The General Order further emphasizes the ability of universities to establish standards of superior ethical and moral behavior that occur either on or off campus.
ADMINISTRATION OF STUDENT CONDUCT

A. STUDENT DISCIPLINE

The Associate Vice President for Student Affairs/Dean of Students reports to the President of the University and is the senior administrator responsible for the management and enforcement of the Code of Student Conduct. The Associate Vice President for Student Affairs/Dean of Students reports to the Vice President for Student Affairs and may take immediate interim disciplinary action when he/she believes a student poses a continuing danger to persons or property or presents a threat of disrupting the University environment. Either official may take immediate interim disciplinary action when he/she believes the aforementioned danger exists.

If the Associate Vice President/Dean of Students should take such action, a student conduct conference will be scheduled as soon thereafter as possible. Authority is delegated to the senior student conduct administrator, who reports to the Associate Vice President of Student Affairs/Dean of Students, to investigate, consistent with rules and regulations, violations of the Code of Student Conduct and after thorough review, render decisions that are consistent with approved disciplinary actions. The senior student conduct administrator shall determine the composition of the Student Conduct Panel and determine who is authorized to hear each case.

B. CONDUCT STANDARDS

The provisions in these guidelines do not constitute a contract, express or implied, between any applicant, student, faculty or staff member of Prairie View A&M University. These guidelines are for informational purposes only. The University reserves the right to change or alter any statement herein without prior notice. These guidelines should not be interpreted to allow a student that begins his or her education under these guidelines to continue his/her entire academic career under the provisions contained in these guidelines.

Rules and regulations of the University are set forth in writing to give students general notice of prohibited conduct. They should be read broadly and are not designed to define prohibited conduct in exhaustive terms. Regulations may also be found in other University publications, such as the catalog, residential lease agreements, and posted dining hall policies. When changes are necessary, they will be written and approved, and the updated documents will be posted on the Student Affairs website.

Violation of any municipal ordinance, law of the state of Texas, or law of the United States may result in disciplinary action. Any disciplinary action imposed by the University may precede and may be in addition to any penalty that is imposed by any off-campus authority.

C. DUE PROCESS

Procedures and rights in student conduct proceedings are conducted with fairness to all, but do not include the same protections of due process afforded by the courts. Due process, within these procedures, assures:

1. Written notification will be sent to the student’s official University-issued email address;
2. A conference before an objective decision-maker;
3. A finding that the PVAMU Code of Student Conduct was violated will not be made without information showing that it is more likely than not that a violation occurred; and
4. Sanctions will be proportionate to the severity of the violation.

D. AWARENESS OF POLICIES

Every student, including those who are participating in any program that is University sponsored, on or off campus, must abide by the rules and regulations governing student conduct. The rules and regulations listed here are available on the Office of Student Affairs webpage or by contacting the Office for Student Conduct.

E. JURISDICTION OF THE CODE OF STUDENT CONDUCT

The PVAMU Code of Student Conduct shall apply to conduct that occurs on University premises, at PVAMU-sponsored activities, and to off-campus conduct that adversely affects the University community or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment. The Code of Student Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. A student conduct administrator shall determine whether the Code of Student Conduct shall be applied to conduct occurring off campus, on a case-by-case basis.
F. NOTIFICATION OF OUTCOMES
The outcome of an administrative conference or a student conduct conference is part of the educational record of the accused student and is protected from release under federal law, FERPA. However, Prairie View A&M University observes the following legal exceptions:

1. Complainants in non-consensual sexual contact/penetration incidents have an absolute right to be informed of the outcome and sanctions of the student conduct conference and any subsequent appeals, in writing, without condition or limitation.

2. Complainants in sexual exploitation/sexual harassment complaints have a right to be informed of information regarding sanctions that personally identifies and is directly pertinent to them, such as the imposition of a restriction on physical contact between the complainant and the accused student. Otherwise, information on the outcome and sanction cannot be shared.

3. Prairie View A&M may release publicly the name, nature of the violation and the sanction for any student who is found in violation of a PVAMU policy that is a non-forcible sex offense or a "crime of violence," including: arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/damage/vandalism of property, and kidnapping/abduction. PVAMU may release this information to the complainant in any of these offenses regardless of the outcome, but complainants are cautioned that FERPA does not permit them to re-release this information to others.

4. The University may, in its discretion, send notice or copies of disciplinary documents to the parents or legal guardians of students involved in disciplinary matters. The University may also contact parents or legal guardians of students involved in alcohol or drug violations, if the student is under 21 at the time of the violation.

G. AUXILIARY AIDES AND SERVICES
Student with disabilities, as defined by the Americans with Disabilities Act, requiring special accommodations should notify the Office of Student Conduct and the Office of Disability Services and Diagnostic Testing in writing at least three (3) calendar days prior to scheduled student conduct conference.

Student conduct proceedings shall be informal in nature and need not comply with the formal processes associated with the criminal and civil courts, nor shall deviations from prescribed process necessarily invalidate a decision or proceeding unless significant prejudice to the student or University may result.

Standards outlined by the University for students may be higher than those standards set for the general population.

As each person is subject to multiple layers of expectations through the Federal, State, County, and local governments, students are further expected to maintain a higher standard of behavior as members of the University community.

Students failing to adhere to those standards may be subject to a University conduct process in addition to civil or criminal litigation should the behavior also be a potential violation of the law. The attempted analogy of student discipline to criminal proceedings against adults and juveniles is not sound.

Students may be charged with conduct that potentially violates both the criminal law and this Student Conduct Code (that is, if both possible violations result from the same factual situation) without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Student Conduct Code may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of Associate Vice President of Student Affairs or his/her designee.

Determinations made or sanctions imposed under this Student Conduct Code shall not be subject to change because criminal charges were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

When a student is charged by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the Student Conduct Code, the University may advise off-campus authorities of the existence of the Student Conduct Code and of how matters are typically handled within the University community. The University will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus.
Prairie View A&M University views the student conduct system as an educational standard designed to facilitate each student’s personal growth and understanding of the acceptable behavior of PVAMU students. The Office for Student Conduct will accept written notification of potential violations of the Code of Student Conduct by any member of the University community.

Any charge should be submitted in writing as soon as possible after the alleged violation takes place, preferably within five (5) business days. The University may choose not to issue charges for other policy violations, which may include alcohol and/or drug possession or use, when the individual is providing information regarding an incident of alleged sexual misconduct, either as a victim or witness.

HOW TO REPORT AN INCIDENT

If you wish to report an incident that involves a student and potentially violates the Code of Student Conduct, please use our online Student Conduct Report Form to submit your concern. To learn about the process, please visit the PVAMU Student Handbook or contact the Office for Student Conduct at 936-261-3524 located in Anderson Hall 3rd floor or by email studentconduct@pvamu.edu.

Once an incident is reported, the Office for Student Conduct will investigate to determine if a violation of the Code of Student Conduct has occurred. Depending on the preliminary investigation, a may be handled in the following ways:

• THE STUDENT CONDUCT PANEL CONFERENCE
The Student Conduct Panel will hear cases involving primary violations of the Code of Student Conduct. The Student Conduct Conference is not analogous to a criminal trial. The focus of inquiry in disciplinary proceedings shall be deciding whether the student violated the Code of Student Conduct. Formal rules of evidence shall not be applicable, nor shall deviations from prescribed procedures necessarily invalidate a decision or proceeding unless significant prejudice to the student results.

• ADMINISTRATIVE CONFERENCE
The student meets with a Student Conduct Officer to discuss the violations, the student’s involvement in the incident or lack thereof, and any other information relevant to the charges. Based on the information presented and discussed in the conference, the Student Conduct Officer will determine whether a violation has occurred and issue sanctions accordingly.

• NO ACTION
Complaints that fall outside the University’s jurisdiction do not violate the Code of Student Conduct, or that are not supported by sufficient information, may result in no action being taken by the Office for Student Conduct.

If a student conduct conference is scheduled, student(s) facing disciplinary proceedings must report for scheduled conference. The student’s University-issued email address is the official mode of notification used by the Office for Student Conduct. A student’s failure to appear will not prevent the conference from occurring or from sanctions being imposed. The Office for Student Conduct presumes that the student is receiving all communications sent to the official university email address and/or other means of communication (text message) provided to the Office. If an accused student with notice, does not appear at a student conduct conference, the information in support of charges shall be presented, considered, and a decision may be made. The Office for Student Conduct may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the complainant, accused student, and/or other witnesses during the conference. There is no entitlement to these accommodations and they shall be determined by the Student Conduct Administrator. The Student Conduct Administrator may also make reasonable accommodations to provide access for students with disabilities.

Student Conduct Conferences are not criminal or judicial proceedings. Information for a finding is based on a standard that an act was “more likely than not” to have occurred. The supporting information does not have to be in the form of physical
evidence nor does the alleged violation have to be witnessed. Circumstantial information can be sufficient in some instances to determine that an act was more likely than not to have occurred. Although the terms and procedures may be similar to criminal law or the criminal court system, they are specific to Prairie View A&M University and limited to the meaning and use given to them by the University. An act not criminally prosecuted may still violate University policy.

In all student conduct conferences, the accused shall be presumed not responsible until it is proven that a violation of the University’s Code of Student Conduct occurred. The burden of proof shall rest with those bringing the charges, and said burden of proof shall be by a preponderance of the evidence. Preponderance of the evidence is defined as the greater weight and degree of credible evidence admitted in the conference.

The Student Conduct Administrator is authorized to exercise active control over the proceedings to elicit relevant information, avoid needless consumption of time, prevent the harassment or intimidation of the accused and witnesses, and render a decision concerning the disciplinary action to be taken. The accused student and his/her advisor, if any, shall be allowed to attend the entire portion of the student conduct conference at which information is received (excluding deliberations) provided the accused student and his/her advisor appear at the designated time and do not inhibit the proceeding. Admission of any other person to the student conduct conference shall be at the discretion of the Student Conduct Administrator. Additionally, the University may choose not to issue charges for other policy violations, which may include alcohol and/or drug possession or use, when the individual is providing information regarding an incident of alleged sexual misconduct either as a victim or witness.

A student may not be expelled, dismissed, or suspended prior to a Student Conduct Conference except when the Associate Vice President of Student Affairs believes that the presence of a student on campus poses a continuing danger to persons or property or presents a threat of disruption to the academic process. If the student is a repeat offender and a threat to the orderly operation of campus activities, a sanction may be temporarily imposed. A conference will be scheduled within five (5) business days if possible.

The following rights apply to an accused student when a Student Conduct Panel Conference might result in expulsion, dismissal, or suspension. Accused students subjected to less severe sanctions may, at the discretion of the student conduct administrator, be afforded, but not guaranteed the following rights:

1. Right to be informed in writing of all violations at least five (5) business days before the conference may proceed. The student’s University-issued email address is the official mode of notification used by the Office for Student Conduct.
2. Right to waive the five (5) business-day notice of charges.
3. Right to reasonable access to the case file, which shall be maintained in the Office for Student Conduct.
4. Right to know that there will be no finding of responsibility solely because a student remains silent during disciplinary proceedings.
5. Right to the consultation of a personal advisor. An advisor may appear at a student conduct proceeding with the student to provide advice, but may not represent the accused student or question any student conduct conference participants. The advisor may not be an attorney unless the accused student is the subject of a pending subsequent criminal matter arising out of the same circumstances; in such cases, the accused student may be allowed to have an attorney serve as his/her advisor, at his/her own expense, to behave in the same manner as any other advisor. The student should select as an advisor a person whose schedule allows attendance at the scheduled date and time for the student conduct conference. Student conduct conferences will not be delayed to scheduling conflicts of an advisor. There is no restriction on who a student may consult or seek advice from, the restriction pertains to the conduct conference only.
6. An opportunity to review all information in her/his Office for Student Conduct file prior to a conference, including information to be used in his/her student conduct matter. The University also has the right to review any information the student intends to use at least three (3) business days before the student conduct conference. A conference will be scheduled within five (5) business days when possible.
7. Right to present witnesses, but they may not remain in the student conduct conference after providing testimony. Character witness information shall be accepted in written form only.
8. Right to a written statement of the outcome of the proceeding within five (5) business days of the conference’s completion.
9. There shall be a single verbatim record, such as a tape or digital recording, of all student conduct conferences before a Student Conduct Panel. Deliberations shall not be recorded. The record shall be the property of the University.
10. Right to appeal the decision through the appropriate University channels within 5 business days of receiving the notice. The appeal must be written.
CODE OF STUDENT CONDUCT

SANCTIONS

All disciplinary sanctions imposed upon students are cumulative in nature and will be recorded in the student’s disciplinary record.

A. PRIMARY SANCTIONS

A student who has been issued a primary sanction is deemed “not in good standing” with the University, and has the following restrictions:

• Ineligible to hold any elected or appointed office recognized by the University.
• Ineligible to represent the University community in any activity or program.
• Review of eligibility to receive financial aid administered by the University.
• Notice of the disciplinary status in the student’s file.
• Subsequent violations of the Code of Student Conduct during the probationary period constitutes a violation of the probation and may subject the student to major disciplinary action and recording of the results in the student’s file.

1. Expulsion: separation of the student from the University whereby the student is not eligible for readmission.
2. Dismissal: separation of the student from the University for an indefinite period of time. Readmission to the University may be possible.
3. Suspension: separation of the student from the University for a definite period of time. The student is not guaranteed readmission at the end of this period of time but is guaranteed a review of the case and a decision regarding eligibility for readmission.
4. Deferred Suspension: the sanction of suspension may be placed in deferred status. If the student is found in violation of any University regulation during the time of deferred suspension, the suspension is immediate without further review. Additional disciplinary action appropriate to the new violation may also be taken.
5. Conduct Probation: an official warning that the student’s conduct is in violation of Prairie View A&M University’s Code of Student Conduct or the Penal Code of the State of Texas but is not sufficiently serious to warrant expulsion, dismissal or suspension.
6. Suspension or Loss of Lab Privileges: prohibited use of lab privileges for a specific period of time or loss of access to a designated lab or all labs.

7. Restitution: compensation for loss, damage or injury. This may be in the form of monetary or material replacement.

B. SECONDARY SANCTIONS

1. Psychological Assessment: the University can mandate the student undergo a psychological assessment to determine whether the student is eligible to remain a student, and in cases of separation from the institution, return as a student. The cost of the assessment may be the student’s responsibility.
2. Letter of Reprimand: a letter of record about the University’s displeasure with the student’s involvement in any incident that reflects unfavorably on the student or the University.
3. Loss of Dining Privileges: revocation of campus dining privileges as a result of disciplinary violation.
4. Mediation: the actual mediation in which all parties involved in a dispute seek to reach a resolution with the aid of neutral mediators. Agreements reached are based on the interests of all parties so that everyone reaches a satisfactory compromise or settlement of the dispute.
5. Verbal Warning: a verbal admonishment may be given to a student for actions unbecoming to the University community.
6. University or Community Service: this may be assigned to students who are required to work in a specified area of community service for a specific time frame as a means of satisfying requirements of a disciplinary decision.
7. Educational Requirements: provisions to complete specific educational requirements related to the violation committed. These initiatives could include ethics, alcohol, drug education programs or conflict resolution that are designed to promote responsible decision making regarding alcohol and other drugs through education, assessment and referral. Those found in violation are subject to mandatory fees associated with these programs.
8. Restrictions: the withdrawal of specified privileges for a definite period of time as a result of negative behavior but without further penalties contained in the imposition of conduct probations.
9. Loss of Campus Parking Privileges: revocation of campus vehicle registration and forfeiture of a permit as a result of disciplinary violation.
10. Loss of Campus Housing Privilege: removal from University housing for disciplinary reasons. Once a student has been assessed a disciplinary sanction by the Office of Student Conduct, it may not be increased by any higher University authority.
C. INTERIM ACTION
The university may take interim actions as necessary to protect the community from a threat to the health or safety of the community as a whole, to any particular member of the community, or in cases where there may be a reasonable belief of a substantial disruption to the normal operations of the university. The interim actions shall become effective immediately without prior notice. In all cases, the student subject to the interim action will be given an opportunity to discuss the interim action(s) with the Associate Vice President for Student Affairs/Dean of Students (or designee) on the necessity of the restriction within five (5) university business days of the issuing of the restrictions, except those involving civil rights.

These actions may include but are not limited to:

1. Interim Suspension. A student suspended on an interim basis is subject to all of the same restrictions as if they had been suspended as a final sanction.

2. Interim Restriction. A student with interim restrictions may be denied access to campus premises (including classes), specific individuals, and/or all other university activities or privileges for which the student might otherwise be eligible.

These restrictions may include but are not limited to restricted access to facilities, housing and/or events; no-contact orders with specific individuals; transcript holds, etc.; or any other restrictions deemed necessary by the Associate Vice President for Student Affairs/Dean of Students to achieve the goals stated above.

APPEALS
Each grievance shall be accorded only one opportunity to be adjudicated unless the Appeal Administrator remands for further review. A primary sanction separating a student from the University may appeal the student conduct conference outcome based on the following:

A. Violations of a charged student’s rights or other failure to follow the outlined student conduct procedures that substantially affected the outcome of the initial conference. Appeals based on this reason will be limited solely to a review of the record of the conference.

B. Ability to present new information that was not available at the time of the hearing and could not have been presented. In addition, the student must show that the new information could have substantially affected the outcome. The nature of the information must be described in full detail in the appeal letter.

C. The severity of the sanction(s) is disproportionate to the nature of the offense. A student who receives a sanction of conduct probation or below may appeal the student conduct conference outcome based on the following:

a. Ability to present new information that was not available at the time of the hearing and could not have been presented.

In addition, the student must show that the new information could have substantially affected the outcome. The nature of the information must be described in full detail in the appeal letter.

b. The severity of the sanction(s) is disproportionate to the nature of the offense.

A. FILING AN APPEAL
To initiate an appeal, students must complete the Appeal Form and must submit a written statement detailing the basis for the appeal. The Appeal Form link is included in the outcome correspondence sent to the student via the University-issued email. The appeal form is available on the Office for Student Conduct’s website. The completed appeal form must be submitted via the appeal form link provided in the outcome correspondence within (5) business days of the printed date on the letter. Students who do not submit his/her appeal request by the date specified in the decision letter waive his/her opportunity to appeal.

The student must base the appeal on one or more specific aspect of the original student conduct conference listed above.

B. PREPARING FOR YOUR APPEAL
The University has already issued a decision on whether the student was found responsible for violating a student rule.

The responsibility now shifts to the student to provide, in writing, a basis covering the student’s reasons for the appeal as specified above (e.g., new information and/or severity of sanction). In cases where the reason for an appeal is new information that was not available at the time of the original student conduct conference, information should be submitted as to why this information was not available at that time.

It is important to remember that the written statement must be as comprehensive and accurate as possible in order for the Associate Vice President for Student Affairs/Dean of Students to make the most informed decision regarding the appeal after reading the appeal paperwork.
C. STANDARD OF PROOF: PREPONDERANCE OF THE INFORMATION

In a case where there is a factual dispute, the Associate Vice President for Student Affairs/Dean of Students can never have absolute proof of what really happened because the Associate Vice President for Student Affairs/Dean of Students is never an eyewitness.

The best the Associate Vice President for Student Affairs/Dean of Students can do is determine what most likely happened based on a preponderance of credible information presented in the hearing. The standard of proof is intended to assure all concerned that the intensity of the Associate Vice President for Student Affairs/Dean of Students belief is uniform in all cases.

The level of proof required at Prairie View A&M University in university disciplinary cases is a preponderance of the information. This simply means that the proof need only show that the facts are more likely to be so than not so.

D. APPEAL DECISIONS

All appeal decisions made by the Associate Vice President for Student Affairs/Dean of Students are final and binding. The student is afforded no other opportunity for further appeal. After review of all the written information provided, the Associate Vice President for Student Affairs/Dean of Students may assign one of the following actions:

• Uphold the original decision
• Modify the original sanction based on the severity of the sanction. The Associate Vice President for Student Affairs/Dean of Students may not increase the sanction that was assigned in the original conduct conference.
• Remand the case back to the Office for Student Conduct. If the appeal is based upon the availability of new information and this new information is sufficient to alter a decision, the Associate Vice President for Student Affairs/Dean of Students may choose to refer the case back to the Office for Student Conduct for a new conduct conference.

Appeal decisions will be made in writing to the student upon conclusion of the appeal process. Every effort will be made to send follow-up correspondence within fifteen University business days.

GENDER-BASED OR SEXUAL MISCONDUCT

To ensure that students understand how to appropriately pursue a grievance at Prairie View A&M, students are encouraged to seek clarification and advice regarding procedures before initiating a grievance. Although a student may seek such advice from any faculty or staff member, the Office of Student Affairs has staff trained to help students through the process. Office of Student Affairs can be reached at (936) 261-3550. Students are encouraged to seek assistance from this office in pursuing any type of grievance.

The decision as to which procedure to utilize for a grievance filed by a student, shall be made solely by the University and shall be based on the fact pattern of each particular case. Each grievance shall be directed to a specific procedure and shall be accorded only one opportunity to be adjudicated unless the appeal body remands for further review.

Prairie View A&M University, in compliance with Title IX of the Higher Education Amendments of 1972 prohibits all forms of discriminatory exclusion to include discrimination on the basis of sex. Title IX prohibits discrimination on the basis of sex in all education programs or activities. The University is committed to fostering a community that promotes prompt reporting of all types of sexual misconduct and timely and fair resolution of sexual misconduct complaints.

Individuals who are found to have committed such acts will be subject to disciplinary action up to and including separation from the University.

The University may, however, investigate to determine whether a report of an incident of sexual harassment, sexual assault, dating violence, domestic violence, or stalking was made in good faith. The amnesty will not apply to a student who reports the student’s own commission or complicity in the commission of sexual harassment, sexual assault, dating violence, domestic violence, or stalking.

DEPARTURE FROM CAMPUS FOLLOWING SUSPENSION OR DISMISSAL AND REQUEST FOR REINSTATEMENT

The student conduct hold on a student account will not be lifted until all sanctions have been completed.

When a sanction of suspension or expulsion is applied as a result of a violation of the PVAMU Code of Student Conduct, a notation will be documented on the student’s academic transcript. The transcript notation will remain effective for the duration of
the active sanction of suspension or expulsion. Additionally, the notation will differentiate between an academic or conduct violation that initiated the applied sanction.

It should be noted that the student’s academic transcript will not be released while a pending student conduct matter is under review that may result in suspension or expulsion.
