

ANSC 3451 Anatomy & Physiology Fall 2023

Instructor: Milton B. Daley, Ph.D.

Section # and CRN:

Office Location: Agriculture/Business Bldg. Rm. 307

Office Phone: 936-261-5134

Email Address: mdaley@pvamu.edu

Office Hours: MWF 10 pm-5 pm

Mode of Instruction: Face to Face

Course Location: Carden-Waller Cooperative Extension Bldg. Room 100

Class Days & Times: TR. 2:00 -2:50 pm **Lecture:** TR. 3:30 -4:50 pm **Lab**

Catalog Description: **Credit 4 Semester Hours.** Comparative approach, anatomy, and physiology of the basic systems of domestic

Prerequisites: [General Animal Science - ANSC 1513]

Co-requisites: None

Required Texts: Veterinary Anatomy & Physiology, a clinical Manual ISBN 9781435464339

Recommended Texts: Anatomy and Physiology of Farm Animals ISBN: 0813813948

Student Learning Outcomes:

	Upon successful completion of this course, students will be able to:	Program Learning Outcome # Alignment	Core Curriculum Outcome Alignment
1	appreciate the integration of both anatomy and physiology, how structure and function are intimately interconnected	The Agriculture program prepares the graduate to perform as an entry-level professional in a broad range of areas	This course will provide fundamental knowledge to help satisfy the requirements for a B.S. degree in Agriculture
2	Gain a basic understanding of anatomical terminology and working knowledge (identification) of animal body structure and function that underlie agricultural, biological, and other related life sciences.	The degree program is designed to provide a generalist emphasis that serves as the foundation for diverse careers and a springboard for advanced study in agriculture, natural resource sciences, and related fields.	
3	recognize the anatomical differences between the major animal species encountered in the practice of veterinary medicine	The emphasis on Animal and Food Science may also serve as pre-professional curricula for Veterinary Medicine. Additional courses that help the student qualify for professional study in veterinary medicine should be selected in consultation with an advisor	

Major Course Requirements

Method of Determining Final Course Grade

1) Lecture/Lab Exams	4 exams at 100 points each	400
2) Presentation	1 Class presentation	100
3) Laboratory Exercises	6 exercises at 5 points each	30
5) Assignments	7 at 10 points each	70
Total:		600

Grading Criteria and Conversion: [Insert points or percentages]

A =600 - 540

B =539 - 480

C =479 - 420

D =419 - 360

F =359 or below

Detailed Description of Major Assignments: [Describe in each assignment valued at 10% of grade or more]

Assignment Title or Grade Requirement

Description

Exams	Written examination of course content
Presentation	500-word paper on the importance of a body system
Laboratory Exercise	Identification of histology slides and live specimens
Quizzes	Pop quizzes on course material
Assignments	Take-home assignments on course material

Course Procedures or Additional Instructor Policies

Taskstream

Taskstream is a tool that Prairie View A&M University uses for assessment purposes. At least one of your assignments is **REQUIRED** to be submitted as an "artifact," an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but you can visit Taskstream via the link in eCourses for general information.

Class starts promptly at 9:30 a.m. BE ON TIME! It is distracting to enter the classroom once instruction has begun

Prairie View A&M University requires regular class attendance. Attending all classes supports the full academic development of each learner whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video.

Attendance will be checked at each class meeting.

Students are responsible for all oral and written examinations and assignments.

Notify the instructor (preferably in writing) in advance or immediately upon return (with written proof) of being absent to be considered an EXCUSED absence.

Examinations and assignments missed during an UNEXCUSED absence will not be accepted. No "make up" exams given.

Cellular phones/Bluetooth devices (including earbuds/earphones or accessories) are not allowed to be used in/during class unless instructed. Please be considerate of the instructor and fellow classmates and turn on cellular phones, pagers, etc. OFF. (University Policy). Students who leave the class to talk on the phone are not allowed to return to class during that period.

No eating or sleeping in class.

Appropriate attire (refer to the student handbook) is expected from all students. The instructor will notify the class in advance

when to dress appropriately for farm visits and activities.

Most importantly, **TAKE NOTES!!** Exam material will come from textbook, class notes, handouts and referred material.

TOPICS FOR LABORATORY and LECTURE EXERCISES

Week I. Introduction

- Medical Terminology
- Gross
- Histology
- Ultrastructural
- Definition of Physiology

Week II. The Cell, its Structure, and Functions

- *Lecture/PowerPoint Presentation
- *Lab Exercises: Microscope

Week III. Integumentary System and Function

- *Lecture/PowerPoint Presentation - Tissue
 - Classification of Epithelium
 - Connective Tissue
- *Lab Exercise: Tissue

Histology Sets - Set of slides showing the varying histological appearance of skin from different areas of the body. Equipment: Microscope and Histology slides

Week IV. Reproductive System

- *Lecture/PowerPoint Presentation
 - Positional and Directional Terms
 - Body Sections
 - Body Cavities and Membranes**
- *Lecture/PowerPoint Presentation
- *Lab Exercise: Reproductive tract of the Bird/ Mammal

Week V. Organ Systems and their Function

A. Skeletal System

- *Lecture/PowerPoint Presentation
- *Lab Exercises: Canine and Feline Skeletal Models
 - Histology Slides
 - Identifying cadaver bones

Week VI. B. Muscular System

- *Discussion on different muscle types, physiology of muscle function to include nerve stimulation
- *Lab Exercise: Histology Slides
 - Computer Model

Week VII. C. Digestive System

- *Discussion on the physiology of digestion: simple stomach vs. ruminants
- *Lab Exercise: Animal Dissection and Organ Identification

Week VIII. D. Urogenital System

*Discussion on the physiology of urine production and excretion; discussion on male and female reproduction

*Lab exercises: Histology Slides; Organ Identification

Week IX. E. Respiratory System

*Discussion on the physiology of respiration

*Lab Exercises: Histology Slides
Organ Identification

Week X. F. Circulatory System

*Discussion on the physiology of cardiac tissue and route of blood flow through the heart and lungs

Lab Exercises: Comparative Heart Model
Sagittal Dissection of Sheep Heart Model
Organ Identification.

Week XI. G. Nervous System

*Discussion on the Autonomic and Sympathetic Nervous System

Week X. H. Sensory Organs

*Discussion on the physiology of hearing and sight

Semester Calendar

Week 1:	Syllabus and Course Review
Topic Description:	The Animal Cell T <u>Course Expectations, Classroom Etiquette, Topics for Lecture</u> <u>Introduction to Anatomy & Physiology</u> Terms, Definitions and Body Systems <u>The Animal Cell: Structure and Function</u>
Readings:	Textbook: Chapter 3 Cellular Anatomy & Morphology Handout: Levels of Organization
Assignment (s):	Review PP Presentation in canvas
Topic Description:	R <u>The Animal Cell: Structure and Function</u>
Assignment (s):	Complete Worksheets: Animal Cells and Cell Processes, The Role of Membranes in Cells, Active and Passive Transport and Diffusion. Review PP Presentation and Websites listed in canvas
Exam 1	
Week 2:	Tissue
Topic Description:	T Tissue: Classification of Tissue
Readings:	Textbook: Chapter 5 Microscopic Anatomy of Tissue pgs. 40-63
Assignment (s):	Review PP Presentation and Websites listed in canvas
Topic Description:	R <u>Tissue: Integumentary System and Function</u>
Readings:	Textbook: Chapter 6 The Integumentary System
Assignment (s):	In Class: The Integument-read and label Review PP Presentation and Websites listed in canvas
Week 3 and 4:	Laboratory / Anatomical Terminology / Body Cavities and Membranes
Topic Description:	T <u>Laboratory: Microscope and Histology Slides</u> : Set of slides showing the varying histological appearance of organ tissue and skin from different areas of the body.
Topic Description:	R <u>Anatomical Terminology: Positional and Directional Terms, Body Sections, Regional Terminology</u>
Readings:	Textbook: Chapter 1 The Terminology of Anatomy
Assignment (s):	R <u>Body Cavities and Membranes: Location and Terminology</u> Review PP Presentation in canvas
Exam 2	
Week 5 and 6:	Reproduction / Skeletal System
Topic Description:	T Examination I
Topic Description:	R <u>Reproductive System: Terms and Anatomy of Bone</u>
Readings:	Textbook: Chapter 7 The Skeletal System pgs. 108-115
Week 7:	Skeletal System cont.
Topic Description	T <u>Physiology of Bone: Bone Growth and Hormonal Regulation</u>
Assignment (s):	Complete Worksheet: Bone Review PP Presentation and Websites listed in canvas
Topic Description	R <u>Physiology of Bone cont.:</u> <u>Arthrology: Study of Joints</u>
Assignment (s):	Complete Worksheet: Joints Review PP Presentations in canvas

Exam 3

Week 8 and 9:

Topic Description:

Readings:

Assignment (s)

Skeletal System cont.

T Bones of the Skeletal System

Textbook: Chapter 7 The Skeletal System pgs.116-140

Review PP Presentation in ecourse

Topic Description:

R Laboratory: Examine and Study Bone Specimens and Models;

Microscope: Histology Slides of Bone Tissue

Week 10:

Topic Description:

Topic Description

Skeletal System cont.

T Bones of the Skeletal System, cont.

R In Class Assignment

Week 11 and 12

Topic Description:

Topic Description:

Exam 4

T Review for Exam II

Review all PP Presentations, Handouts, Websites, Assignments

R Examination II

Weeks 13-15 -

Presentations / Finals

Student Support and Success

John B. Coleman Library

The John B. Coleman Library's mission is to enhance the scholarly pursuit of knowledge, to foster intellectual curiosity, and to promote life-long learning and research through our innovative services, resources, and cultural programs, which support the Prairie View A&M University's global mission of teaching, service, and research. It maintains library collections and access both on campus, online, and through local agreements to further the educational goals of students and faculty. Website: <https://www.pvamu.edu/library/>; Phone: 936-261-1500

Academic Advising Services

Academic Advising Services offers students a variety of services that contributes to student success and leads towards graduation. We assist students with understanding university policies and procedures that affect academic progress. We support the early alert program to help students get connected to success early in the semester. We help refer students to the appropriate academic support services when they are unsure of the best resource for their needs. Faculty advisors support some students in their respective colleges. Your faculty advisor can be identified in PantherTracks. Advisors with Academic Advising Services are available to all students. We are located across campus. Find your advisor's location by academic major at www.pvamu.edu/advising. Phone: 936-261-5911

The University Tutoring Center

The University Tutoring Center (UTC) offers free tutoring and academic support to all registered PVAMU students. The mission of the UTC is to help provide a solid academic foundation that enables students to become confident, capable, independent learners. Competent and caring staff and peer tutors guide students in identifying, acquiring, and enhancing the knowledge, skills, and attitudes needed to reach their desired goals. Tutoring and academic support are offered face-to-face in the UTC, in virtual face-to-face sessions (<https://www.pvamu.edu/student-success/sass/university-tutoring-center/>), and through online sessions (<https://www.pvamu.edu/pvplace/>). Other support services available for students include Supplemental Instruction, Study Break, Academic Success Workshops, and Algebra Study Jam. Location: J. B. Coleman Library, Rm. 307; Phone: 936-261-1561; Email: pvtutoring@pvamu.edu; Website: <https://www.pvamu.edu/student-success/sass/university-tutoring-center/>

Writing Center

The Writing Center provides well-trained peer tutors to assist students with writing assignments at any stage of the writing process. Tutors help students with various writing tasks from understanding assignments, brainstorming, drafting, revising, editing, researching, and integrating sources. Students have free access to Grammarly online writing assistance. Grammarly is an automated proofreading and plagiarism detection tool. Students must register for Grammarly by using their student email address. In addition, students have access to face-to-face and virtual tutoring services either asynchronously via email or synchronously via Zoom. Location: J. B. Coleman Library, Rm. 209; Phone: 936-261-3724; Website: <https://www.pvamu.edu/student-success/writing-center/>; Grammarly Registration: <https://www.grammarly.com/enterprise/signup>

Academic Early Alert

Academic Early Alert is a proactive system of communication and collaboration between faculty, academic advisors, and PVAMU students that is designed to support student success by promptly identifying issues and allowing for intervention. Academic Early Alerts help students by providing a central location to schedule advising appointments, view advisor contact information, and request assistance. Students who recognize that they have a problem that is negatively affecting their academic performance or ability to continue school may self-refer an Academic Early Alert. To do so, students will log in to PV Place and click on Academic Early Alert on the left sidebar. Phone: 936-261-5902; Website: <https://www.pvamu.edu/student-success/early-alert/>

Student Counseling Services

The Student Counseling Services unit offers a range of services and programs to assist students in maximizing their potential for success: short-term individual, couples, and group counseling, as well as crisis intervention, outreach, consultation, and referral services. The staff is licensed by the State of Texas and assists students who are dealing with academic skills concerns, situational crises, adjustment problems, and emotional difficulties. Information shared with the staff is treated confidentially and in accordance with Texas State Law. Location: Hobart Taylor, 2nd floor; Phone: 936-261-3564; Website: <https://www.pvamu.edu/healthservices/student-counseling-services/>

Office of Testing Services

Testing Services serves to create opportunities by offering a suite of exams that aid in the students' academic and professional success. Currently, we administer entrance (HESI A2), college readiness (TSI assessment), Prior Learning (CLEP, DSST), and proctored exams. Location: Wilhelmina Delco, 3rd Floor, Rm. 305; Phone: 936-261-3627; Email: aetesting@pvamu.edu; Website: www.pvamu.edu/testing

Office of Diagnostic Testing and Disability Services

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, contact the Office of Disability Services. As a federally-mandated educational support unit, the Office of Disability Services serves as the repository for confidential disability files for faculty, staff, and students. For persons with a disability, the Office develops individualized ADA letters of request for accommodations. Other services include learning style inventories, awareness workshops, accessibility pathways, webinars, computer laboratory with adapted hard and software, adapted furniture, proctoring non-standardized test administrations, ASL interpreters, ALDs, digital recorders, Livescribe, and a comprehensive referral network across campus and the broader community. Location: Hobart Taylor, Rm. 1D128; Phone: 936-261-3583; Website: <https://www.pvamu.edu/disabilityservices/>

Center for Instructional Innovation and Technology Services (CIITS)

Distance Learning, also referred to as Distance Education, is the employment of alternative instructional delivery methods to extend programs and services to persons unable to attend college in the traditional manner. The Center for Instructional Innovation and Technology Services (CIITS) supports student learning through online, hybrid, web-assist, and 2-way video course delivery. For more details and contact information, visit:

<https://www.pvamu.edu/dlearning/distance-learning-2-2/students-2/>; Phone: 936-261-3283

Veteran Affairs

Veterans Services works with student veterans, current military and military dependents to support their transition to the college environment and continued persistence to graduation. The Office coordinates and certifies benefits for both the G.I. Bill and the Texas Hazlewood Act. Location: Evans Hall, Rm. 102; Phone: 936-261-3563; Website: <https://www.pvamu.edu/sa/departments/veteranaffairs/>

Office for Student Engagement

The Office for Student Engagement delivers comprehensive programs and services designed to meet the co-curricular needs of students. The Office implements inclusive and accessible programs and services that enhance student development through exposure to and participation in diverse and relevant social, cultural, intellectual, recreational, community service, leadership development, and campus governance. Location: Memorial Student Center, Rm. 221; Phone: 936-261-1340; Website: <https://www.pvamu.edu/studentengagement/>

Career Services

Career Services supports students through professional development, career readiness, and placement and employment assistance. The Office provides one-on-one career coaching, interview preparation, resume and letter writing, and career exploration workshops and seminars. Services are provided for students at the Northwest Houston Center and College of Nursing in the Medical Center twice a month or on a requested basis. Distance Learning students are encouraged to visit the Career Services website for information regarding services provided. Location: Anderson Hall, 2nd floor; Phone: 936-261-3570; Website: <https://www.pvamu.edu/careerservices/>

University Rules and Procedures

Academic Misconduct

Academic dishonesty is defined as any form of cheating or dishonesty that has the effect or intent of interfering with any academic exercise or fair evaluation of a student's performance. The college faculty can provide additional information, particularly related to a specific course, laboratory, or assignment.

You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with the University Administrative Guidelines on Academic Integrity, which can be found on the Academic Integrity webpage. Students who engage in academic misconduct are subject to university disciplinary procedures. As listed in the University Administrative Guidelines on Academic Integrity, the University Online Catalog, and the Student Code of Conduct, the following are examples of prohibited conduct. This list is not designed to be all-inclusive or exhaustive. In addition to academic sanctions, any student found to have committed academic misconduct that is also a violation of criminal law may also be subject to disciplinary review and action by the Office of Student Conduct (as outlined in the Student Code of Conduct).

Forms of Academic Dishonesty:

1. Cheating: Deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not learned, giving or receiving aid unauthorized by the instructor on assignments or examinations. Examples: unauthorized use of notes for a test; using a "cheat sheet" on a quiz or exam; any alteration made on a graded test or exam which is then resubmitted to the teacher;
2. Plagiarism: Careless or deliberate use of the work or the ideas of another; representation of another's work, words, ideas, or data as your own without permission or appropriate acknowledgment. Examples: copying another's paper or answers, failure to identify information or essays from the internet and submitting or representing it as your own; submitting an assignment which has been partially or wholly done by another and claiming it as yours; not properly acknowledging a source which has been summarized or paraphrased in your work; failure to acknowledge the use of another's words with quotation marks;
3. Collusion: When more than one student or person contributes to a piece of work that is submitted as the work of an individual;
4. Conspiracy: Agreeing with one or more persons to commit an act of academic/scholastic dishonesty; and
5. Multiple Submission: Submission of work from one course to satisfy a requirement in another course without explicit permission. Example: using a paper prepared and graded for credit in one course to fulfill a requirement and receive credit in a different course.

Nonacademic Misconduct

The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the inability of other students to profit from the instructional

program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. The Office of Student Conduct will adjudicate such incidents under nonacademic procedures.

Sexual Misconduct

Sexual harassment of students and employees at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating the university's sexual harassment policy will be subject to disciplinary action. In accordance with the Texas A&M University System guidelines, your instructor is obligated to report to the Office of Title IX Compliance (titleixteam@pvamu.edu) any instance of sexual misconduct involving a student, which includes sexual assault, stalking, dating violence, domestic violence, and sexual harassment, about which the instructor becomes aware during this course through writing, discussion, or personal disclosure. The faculty and staff of PVAMU actively strive to provide a learning, working, and living environment that promotes respect that is free from sexual misconduct, discrimination, and all forms of violence. If students, faculty, or staff would like assistance or have questions, they may contact the Title IX Coordinator at 936-261-2144 or titleixteam@pvamu.edu. More information can be found at www.pvamu.edu/titleix, including confidential resources available on campus.

Protections and Accommodations for Pregnant and Parenting Students

The U.S. Department of Education's Office for Civil Rights (OCR) enforces, among other statutes, Title IX of the Education Amendments of 1972. Title IX protects people from discrimination based on sex, sexual orientation, and gender identity in education programs or activities that receive federal financial assistance. This protection includes those who may be pregnant and parenting. Title IX states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." Students seeking accommodations related to pregnancy or parenting should contact the Office of Title IX for information, resources, and support at titleixteam@pvamu.edu. Additional information and/or support may be provided by the Office of Disability Services or the Office of the Dean of Students.

Non-Discrimination Statement

Prairie View A&M University does not discriminate on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or gender identity in its programs and activities. The University is committed to supporting students and complying with The Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of discrimination or harassment, we encourage you to report it. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Director of Equal Opportunity & Diversity has been designated to handle inquiries regarding the non-discrimination policies and can be reached at Harrington Science Building, Suite 109 or by phone at 936-261-1744 or 1792.

Class Attendance Policy (See the University Online Catalog for Full Attendance Policy)

Prairie View A&M University requires regular class attendance. Attending all classes supports the full academic development of each learner, whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or the internet. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in the assignment of a grade of "F." Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus.

Student Academic Appeals Process

Authority and responsibility for assigning grades to students rest with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the University Online Catalog and by doing so within thirty days of

receiving the grade or experiencing any other problematic academic event that prompted the complaint.

Technical Considerations

Minimum Recommended Hardware and Software:

- Intel PC or Laptop with Windows 10 or later version; Mac with OS High Sierra*
- Smartphone or iPad/Tablet with Wi-Fi*
- High-speed Internet access
- 8 GB Memory
- Hard drive with 320 GB storage space
- 15" monitor, 800x600, color or 16 bit
- Sound card w/speakers
- Microphone and recording software
- Keyboard & mouse
- Most current version of Google Chrome, Safari, or Firefox

Note: Be sure to enable Java & pop-ups in the Web browser preferences

* Smartphones, Google Chrome books, and Android tablets may not be supported. iPads are the only tablets supported.

Participants should have a basic proficiency of the following computer skills:

- Sending and receiving email
- A working knowledge of the Internet
- Microsoft Word (or a program convertible to Word)
- Acrobat PDF Reader
- Windows or Mac OS
- Video conferencing software

Netiquette (online etiquette)

Students are expected to participate in all discussions and virtual classroom chats as directed. Students are to be respectful and courteous to others on discussion boards. Foul or abusive language will not be tolerated. Do not use ALL CAPS for communicating to others AS IT CAN BE INTERPRETED AS YELLING. Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you." Limit and possibly avoid the use of emoticons. Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post, and the message might be taken seriously or sound offensive.

Video Conferencing Etiquette

When using Zoom, WebEx, or other video conferencing tools, confirm the visible area is tidy, clear of background clutter, inappropriate or offensive posters, and other distractions. Ensure you dress appropriately and avoid using high traffic or noisy areas. Stay muted when you are not speaking and avoid eating/drinking during the session. Before the class session begins, test audio, video, and lighting to alleviate technology issues.

Technical Support

Students should go to <https://mypassword.pvamu.edu/> if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Center for Instructional Innovation and Technology Services at 936-261-3283 or email ciits@pvamu.edu.

Communication Expectations and Standards

Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours.

Urgent emails should be marked as such. Check regularly for responses.

Discussion Requirement

Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can occur in a seminar fashion. The use of the discussion board will accomplish this. The instructor will determine the exact use of discussion boards.

It is strongly suggested that students type their discussion postings in a word processing application such as Word and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, copy and paste to the discussion board.

COVID-19 Campus Safety Measures

To promote public safety and protect students, faculty, and staff during the coronavirus pandemic, PVAMU has adopted policies and practices to limit virus transmission.

- Self-reporting – Students who test positive for COVID-19 are required to report their positive test results within 48 hours using the PVAMU Self-Reporting Form. Proof of off-campus and self-administered home test results must be sent to covid-19@pvamu.edu. Proof for self-administered home test is a picture of the test with a photo ID in the same photo.
- Self-monitoring – Students should follow public health guidance to help slow the spread of the virus, including being vaccinated. Students who have a fever or exhibit symptoms of COVID-19 should not participate in face-to-face instruction.
- Face Coverings – Face coverings (KN-95, surgical mask, etc.) are highly recommended in classrooms, teaching laboratories, common spaces such as lobbies and hallways, public study spaces, libraries, academic resource and support offices, and outdoor spaces where 6 feet of physical distancing is challenging to maintain reliably.
- Physical Distancing – Physical distancing should be maintained between students, instructors, and others in course and course-related activities where possible.
- Personal Illness and Quarantine – Students required to quarantine are to participate in courses and course-related activities remotely and must not attend face-to-face course activities. Communication with the student's instructor for remote support will take place by the Office of the Assistant Vice President for Academic Engagement and Success. Students under quarantine are expected to participate in courses and complete graded work unless they have symptoms that are too severe to participate in course activities. Students experiencing personal injury or illness that is too severe for the student to attend class may qualify for an excused absence. To receive an excused absence, students must provide appropriate documentation to the Office for Student Conduct, studentconduct@pvamu.edu.
- Questions – For answers regarding COVID-19 policies and/or procedures, students should refer to www.pvamu.edu/coronavirus or email covid-19@pvamu.edu.
