Course Goals and Overview:

This course explores the fundamentals of design through the use of basic elements, systems, constraints, and principles. The studio (course) challenges students to think critically about the built environment, while working in an open interactive space that encourages collaboration and embraces a diversity of solutions to a given problem. Students will focus on communicating ideas and designs in a clear effective manner. In addition to taking on abstract design concepts, students will also be asked to consider the architect's role in society and the responsibilities that come with it.

Course Outcomes/Learning Objectives :

At the end of this course, the students will:

No.	Learning Objectives	
1626.1	Be able to analyze an architectural precedent and understand its significance	Critical Thinking
1626.2	Be able to synthesize architectural ideas from existing precedents and apply them in their own work	Critical Thinking
1626.3	Be able to communicate ideas through writing, speaking, drawing, and modeling	Critical Thinking
1626.4	Be able to apply fundamental design skills in order to define a place using basic architectural and environmental principles with an Emphasis on craftsmanship	Craft
1626.5	Produce a design (after collaborative group/team-based research/analysis) that successfully integrates precedent based concepts into the final design/built form	Teamwork/Critical Thinking
1626.6	Develop and demonstrate the ability to solve problems and design effective, usable spaces which provide for the health, safety, and welfare of users.	Critical Thinking / Social Responsibility

Course Requirements & Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- **Investigations:** Short assignments where students will be asked to think critically about course concepts and experiment with ways that these concepts can be applied.
- **Projects:** Long term assignments where students are asked to apply critical thinking and concepts to a given problem. Some projects are handled individually, and others will require students to collaborate with others and work in small teams. While early projects will deal with architectural concepts in an abstract sense, the final project applies these concepts to a space intended for human use. In designing for human use, students will be required to incorporate basic building code requirements as a way to introduce the architect's social responsibility to create spaces that address the health, safety, and welfare of the general public.
- **Presentations:** Public reviews of projects juried by faculty and professionals where an emphasis is placed on communication of design intentions and discoveries through visual, oral, and written means.
- **Portfolio:** A publication/documentation which communicates the student's work over the course of the semester through visual and written means where emphasis is placed on process as well as product.
- **Class Participation:** Engagement in class discussions where students will be asked to engage concepts critically and discuss their questions and responses with the rest of the studio.
- **Craft:** In an architectural design studio, there is an expectation for a certain level of craft to be met. To produce work that meets this level of quality requires that students work with a sense of care on the drawings and models that are required. In order to meet this expectation, students must invest time outside of normal class hours in order to complete the work. It is crucial that students meet this expectation.

Grading Matrix

A – (high pass) exceptional performance; strongly exceeding the requirements of the course problem, showing strong academic initiative and independent resourcefulness. **900 to 1000 Points**

B – (pass) performance above the norm; accurate and complete; beyond the minimum requirements of the course problem; work demonstrates marked progress and initiative. **800 to 899 Points**

C – (pass) satisfactory work that adequately meets minimum requirements and demonstrates satisfactory comprehension, communication skills, and effort; demonstrates little initiative to investigate the problem without substantial prodding of the instructor; work shows little improvement. **700 to 799 Points**

D – (**low pass**) unsatisfactorily meets minimum requirements; demonstrates minimum comprehension of the course problem, communication skills, and effort at an inferior level; initiative lacking; improvement not noticeable. **600 to 699 Points**

F – (fail) does not meet minimum requirements; fails to adequately demonstrate comprehension of the course problem, communication skills, and effort requiring repeating the course. **599 Points and below**

Color coded assessment Grading

During the process of design and project execution interim color-coded grading may be utilized before a final letter/ numerical grade is earned and documented

 very good  Needs minor improvement  Needs major improvement  Needs to be redone

Verbal assessment

Student work products will also be assessed through reviews and critiques that highlight the strengths and weakness of the artifacts in question

Instrument	Value (points or percentages)	Total
Projects	700	70%
Design Investigations, Assignments and Professional Growth	100	10%
Attendance	100	10%
Portfolio/Book	100	10%
Total:	1000	100%
Additional Credit/Bonus		
Total:		.
Grade Determination:	<p>A = 900-1000 points B = 800-899 points C = 700-799 points (Any final grade lower than a C, must be retaken) D = 600-699 points; F = 599 points or below</p> <p>If a student has stopped attending the course (i.e. "stopped out") at any point after the first day of class but did not officially withdraw from the course and has missed assignments and exams and performed below the grade level of a D, a grade of FN (failed non-attendance) will be assigned for the final course grade to ensure compliance with the federal Title IV financial aid regulations. In contrast, if the student has completed all assignments and exams, but performed below the grade level of a D, a grade of F will be assigned for the final course grade.</p>	

Course Procedures:

<p>CANVAS</p>	<p>CANVAS is a tool that Prairie View A&M University uses for assessment purposes. One of your assignments may be considered an "artifact," an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester.</p> <p>You are expected to upload an Artifact – a book/portfolio or similar (TBD by Instructor) to CANVAS</p>
<p>Class Attendance Policy (See Catalog for Full Attendance Policy)</p> <p style="text-align: center;"></p>	<p>Prairie View A&M University requires regular class attendance. Attending all classes supports the full academic development of each learner, whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or the internet. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in the assignment of a grade of "F". Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus.</p> <p>Participation and absences are accumulated beginning with the first day of class on January 16, 2024. If you do not come to class, you may assume that you have received zero (0) points for the class period unless you have a university-approved excuse.</p> <p>*Attendance Reporting Period: January 16 - 24 (Show (SH) / No Show (NS)). Students who do not attend classes during this period by January 24, will be marked as a no show (NS) in Panthertracks, have the course removed, and financial aid reduced or cancelled!</p> <p>If you are not able to attend class during the Attendance Reporting Period, you must contact your professor immediately with an explanation via email before noon on January 24.</p>
<p>Makeup Work for Legitimate Absences</p>	<p>Prairie View A&M University recognizes that there are a variety of legitimate circumstances in which students will miss coursework and that accommodations for makeup work will be made. If a student's absence is excused, the instructor must either provide the student an opportunity to make up any quiz, exam, or other work contributing to the final grade or provide a satisfactory alternative by a date agreed upon by the student and instructor. Students are encouraged to work with instructors to complete makeup work before known scheduled absences (University-sponsored events, administrative proceedings, etc.). Students are responsible for planning their schedules to avoid excessive conflicts with course requirements.</p> <p>Excused absences are in one of the following classifications:</p> <ol style="list-style-type: none"> 1. Participation in an activity appearing on the University authorized activity list from the athletics coach, band director, organization advisors, etc. 2. Death or major illness in a student's immediate family. 3. Illness of a dependent family member. 4. Participation in legal proceedings that requires a student's presence. 5. Religious holy day. 6. Confinement because of illness. 7. Required participation in military duties. <p>If you miss class for one of these reasons, you must provide a memorandum plus supporting documentation to clear the absence from your record to the Dean of Students/Office of Student Conduct using the <i>Request for a University Excused Absence form</i>. See Absence Verification Process in the syllabus.</p> <p>The excuse/s will be accepted after your professor receives the authorized university excuse letter. There will be NO exceptions to this rule. Email documents from students will not be accepted to clear these absences.</p>

	<p>In accepting your decision to miss class, you must also be willing to accept the instructor's decision not to award you involvement points for the class or classes that are missed.</p> <p>Do not wait until the last minute to complete your assigned tasks. Sending requests for assistance at the last minute will not guarantee a quick response from the instructor.</p> <p>All work must be turned in before or on the due dates noted in the syllabi and/or documents issued by the instructor.</p> <p>Extensions/makeups will only be granted with proof of officially documented emergencies. You must provide documentation within the week the assigned tasks are due. It is your responsibility to make sure that you can access CANVAS and all digital requirements. Extensions will not be granted due to procrastination, forgetfulness, not following directions, or not purchasing access to required programs/software.</p> <p>If you are having trouble with CANVAS, contact CIITS at 936-261-3283 or send an email to ciits@pvamu.edu or submit a trouble ticket to CIITS Troubleshooting. Any issues with (*add name of your required programs/software), call (800) 123-4567 (request an email confirmation with your case number if you make a phone call).</p> <p>Always provide documentation with a timestamp to the instructor as proof of the technical issues with your account when the assigned tasks were available.</p>
<p>Absence Verification Process</p>	<p>All non-athletic absences (e.g., Medical, Death/Funeral, Court/Legal-related, etc.) for which a student seeks to obtain a valid excuse must be submitted to the Dean of Students/Office of Student Conduct, with supporting documentation, for review and verification. Please use the Online Reporting Forms to access/complete/submit the <i>Request for a University Excused Absence</i> form for an excuse. Upon receipt, a staff member will verify the documentation and provide an official university excuse, if applicable. The student is responsible for providing the official university excuse issued by the Office for Student Conduct to the professor(s). Questions should be directed to the Dean of Students via email: deanofstudents@pvamu.edu or phone: (936) 261-3550 or Office for Student Conduct via email: studentconduct@pvamu.edu or phone: (936) 261-3524</p> <p>Requests for a university excused absence after the last day of classes will be denied.</p>
<p>Personal Conduct</p>	<p>Students and faculty are expected to conduct themselves in ways that support individual learning and the learning of others. To that end members of the classroom community will conduct themselves in a professional and ethical manner to achieve these objectives. Any conduct construed to interfere with the learning opportunities of members of the class may result in the removal of the student from the class for that day. Repeated inappropriate conduct will result in permanent removal from the class. Based upon the fact that you are preparing for professional employment, you are expected to adhere to the following specific guidelines:</p> <ol style="list-style-type: none"> 1. During regular class periods <u>all students are expected to dress appropriately</u> in accordance with university regulations so that no disruptions in the learning experience will occur. 2. <u>No hats or caps will be allowed to be worn in the classroom during class sessions.</u> If you elect to wear a hat or cap during the lectures or class discussion, your decision will be respected. However, you should also respect the instructor's decision to not award you daily participation points based upon that decision. 3. <u>Dress Code for Presentations:</u> Professional dress is expected for all design and technical presentations in class. Failure to adhere to the guidelines posted by the instructor will result in a deduction of ten percent (10%) from your final presentation score. 4. Students should <u>not be eating food or consuming drinks</u> during the discussion sessions. No food or drink is allowed in the classroom at any time. 5. Cellular telephones are to be <u>turned off or put-on silent ring tone</u> during the class period. Texting is strictly prohibited during the class period. No "ear phone" units will be allowed. If your cell phone rings during the lecture or you are texting you are subject to losing all participation point for that class period. 6. <u>Laptops must emit no noise.</u> Make sure your laptop is warmed up and your battery charged before class starts. A laptop is allowed only for taking notes or accessing relevant course material during the class. Checking email, playing a game, messaging and other non-class related activities are not allowed at any time. 7. <u>Harassment</u> of your fellow students of any kind will not be tolerated.
<p>Conduct of the Class</p>	<p>Please note the following rules for the conduct of the class.</p> <ol style="list-style-type: none"> 1. <u>Class will begin at the appointed time.</u> 2. <u>Class is dismissed when so indicated by the instructor.</u> Students are expected to be on time and stay

	<p>throughout the entire class period. Leaving the classroom presentation or discussion board before the class is dismissed without prior approval from the instructor will result in a loss of participation for that class.</p> <p>3. <u>Lecture Notes and Handouts</u> will be posted on Canvas or sent to your official university email. Handouts distributed during a class period will not be distributed at any other time. It is the student's responsibility to get a copy from another student or source.</p>
Formatting Documents:	Microsoft Word is the standard word processing tool used at PVAMU. If you are using other word processors, be sure to save the document in either the Microsoft Word, Rich-Text, or plain text format.
Exam Policy:	Exams and quizzes will be announced in class or online via email or Canvas. Exams should be taken as scheduled. No makeup examinations will be allowed except under documented emergencies (See Student Handbook).

University Rules and Procedures:	
Disability Statement (See Student Handbook):	<p>Students with disabilities, including learning disabilities, who wish to request accommodations in class should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator. Students should also inform the instructor of their need for accommodation immediately at the outset of the course so that a solution designed to being successful in class can be produced.</p> <p style="color: red;">Accommodation letters are accepted only through the university's Office of Disability Services Accommodate Portal.</p> <p style="background-color: yellow;">It is the responsibility of the student to make sure that the instructor receives and acknowledges accommodation letters.</p>
Academic Misconduct (See Student Planner):	<p>Academic dishonesty is defined as any form of cheating or dishonesty that has the effect or intent of interfering with any academic exercise or fair evaluation of a student's performance. The college faculty can provide additional information, particularly related to a specific course, laboratory, or assignment.</p> <p>You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with the <i>University Administrative Guidelines on Academic Integrity</i>, which can be found on the Academic Integrity webpage. Students who engage in academic misconduct are subject to university disciplinary procedures. As listed in the <i>University Administrative Guidelines on Academic Integrity</i>, the University Online Catalog, and the Student Code of Conduct, the following are examples of prohibited conduct. This list is not designed to be all-inclusive or exhaustive. In addition to academic sanctions, any student found to have committed academic misconduct that is also a violation of criminal law may also be subject to disciplinary review and action by the Office of Student Conduct (as outlined in the Student Code of Conduct).</p>
Forms Of Academic Dishonesty:	<ol style="list-style-type: none"> Cheating: Deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not learned, giving or receiving aid unauthorized by the instructor on assignments or examinations. Examples: unauthorized use of notes for a test; using a "cheat sheet" on a quiz or exam; any alteration made on a graded test or exam which is then resubmitted to the teacher; Plagiarism: Careless or deliberate use of the work or the ideas of another; representation of another's work, words, ideas, or data as your own without permission or appropriate acknowledgment. Examples: copying another's paper or answers, failure to identify information or essays from the internet and submitting or representing it as your own; submitting an assignment which has been partially or wholly done by another and claiming it as yours; not properly acknowledging a source which has been summarized or paraphrased in your work; failure to acknowledge the use of another's words with

	<p>quotation marks.</p> <p>3. Collusion: When more than one student or person contributes to a piece of work that is submitted as the work of an individual</p> <p>4. Conspiracy: Agreeing with one or more persons to commit an act of academic/scholastic dishonesty; and</p> <p>5. Multiple Submission: Submission of work from one course to satisfy a requirement in another course without explicit permission. Example: using a paper prepared and graded for credit in one course to fulfill a requirement and receive credit in a different course.</p>
Nonacademic Misconduct:	The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. The Office of Student Conduct will adjudicate such incidents under nonacademic procedures.
PVAMU's General Statement on the Use of Generative Artificial Intelligence Tools in the Classroom	Generative Artificial Intelligence (GAI), specifically foundational models that can create writing, computer code, and/or images using minimal human prompting, are increasingly becoming pervasive. Even though ChatGPT is one of the most well-known GAIs currently available, this statement includes any and all past, current, and future generations of GAI software. Prairie View A&M University expects that all work produced for a grade in any course, be it face-to-face or virtual, will be the sole product of a student's endeavors to meet those academic goals. However, should an instructor permit their students to use artificial intelligence as a resource or tool, students must not substitute the substance of their original work with the results of using such GAI tools. This clearly violates the University's Administrative Guidelines on Academic Integrity and its underlying academic values.
Sexual Misconduct	Sexual harassment of students and employees at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating the university's sexual harassment policy will be subject to disciplinary action. In accordance with the Texas A&M University System guidelines, your instructor is obligated to report to the Office of Title IX Compliance (titleixteam@pvamu.edu) any instance of sexual misconduct involving a student, which includes sexual assault, stalking, dating violence, domestic violence, and sexual harassment, about which the instructor becomes aware during this course through writing, discussion, or personal disclosure. The faculty and staff of PVAMU actively strive to provide a learning, working, and living environment that promotes respect that is free from sexual misconduct, discrimination, and all forms of violence. If students, faculty, or staff would like assistance or have questions, they may contact the Title IX Coordinator at 936-261-2144 or titleixteam@pvamu.edu . More information can be found at www.pvamu.edu/titleix , including confidential resources available on campus.
Protections and Accommodations for Pregnant and Parenting Students	The U.S. Department of Education's Office for Civil Rights (OCR) enforces, among other statutes, Title IX of the Education Amendments of 1972. Title IX protects people from discrimination based on sex, sexual orientation, and gender identity in education programs or activities that receive federal financial assistance. This protection includes those who may be pregnant and parenting. Title IX states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." Students seeking accommodations related to pregnancy or parenting should contact the Office of Title IX for information, resources, and support at titleixteam@pvamu.edu . Additional information and/or support may be provided by the Office of Disability Services or the Office of the Dean of Students.
Non-Discrimination Statement	Prairie View A&M University does not discriminate on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or gender identity in its programs and activities. The University is committed to supporting students and complying with The Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of discrimination or harassment, we encourage you to report it. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Director of Equal Opportunity & Diversity has been designated to

	handle inquiries regarding the non-discrimination policies and can be reached at Harrington Science Building, Suite 109 or by phone at 936-261-1744 or 1792.
Student Academic Appeals Process	<p>Authority and responsibility for assigning grades to students rest with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the University Online Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.</p> <p>If the recorded grades were entered mistakenly, the student must address the error to the instructor to correct the error.</p> <p>If the student believes that the faculty's grading was inappropriate in view of the standards and procedures outlined in the syllabus, the student must follow protocol by doing the following:</p> <ol style="list-style-type: none"> 1. Fill out the <i>Student-Informal Grade Appeal Form</i> with supporting documentation and submit to the Faculty Member and Department Chair/Head to initiate the informal appeal process. 2. If the student does not accept the results of the <i>Faculty Member Informal Grade Appeal Response from the instructor</i>, the student must fill out the <i>Student Formal Grade Appeal Form</i> (link to form) and submit with documentation to the School of Architecture Grade Appeals Committee appointed by the Dean. 3. If the student does not accept the results of the School of Architecture Grade Appeals Committee, the forms and documentation will be forwarded to the School of Architecture Associate Dean. 4. If the student does not accept the results of the Associate Dean, the forms and documentation will be forwarded to the School of Architecture Dean. 5. If the student does not accept the results of the School of Architecture Dean, the student must fill out a Grade Appeal to the university. 6. the next step should be to the SOA Grade Appeals Committee; then it goes to the Associate Dean, then to the Dean, ...then to the university. So for item 2 the appeal should be to the committee appointed by the dean.
Student Support and Success:	
John B. Coleman Library	John B. Coleman Library The John B. Coleman Library's mission is to enhance the scholarly pursuit of knowledge, to foster intellectual curiosity, and to promote life-long learning and research through our innovative services, resources, and cultural programs, which support the Prairie View A&M University's global mission of teaching, service, and research. It maintains library collections and access both on campus, online, and through local agreements to further the educational goals of students and faculty. Website: https://www.pvamu.edu/library/ ; Phone: 936-261-1500
Academic Advising Services	Academic Advising Services offers students a variety of services that contributes to student success and leads towards graduation. We assist students with understanding university policies and procedures that affect academic progress. We support the early alert program to help students get connected to success early in the semester. We help refer students to the appropriate academic support services when they are unsure of the best resource for their needs. Faculty advisors support some students in their respective colleges. Your faculty advisor can be identified in PantherTracks. Advisors with Academic Advising Services are available to all students. We are located across campus. Find your advisor's location by academic major at www.pvamu.edu/advising . Phone: 936-261-5911
The University Tutoring Center	The University Tutoring Center (UTC) offers free tutoring and academic support to all registered PVAMU students. The mission of the UTC is to help provide a solid academic foundation that enables students to become confident, capable, independent learners. Competent and caring staff and peer tutors guide students in identifying, acquiring, and enhancing the knowledge, skills, and attitudes needed to reach their desired goals. Tutoring and academic support are offered face-to-face in the UTC, in virtual face-to-face sessions (https://www.pvamu.edu/student-success/sass/university-tutoring-center/), and through online sessions (https://www.pvamu.edu/pvplace/). Other support services available for students include Supplemental Instruction, Study Break, Academic Success Workshops, and Algebra Study Jam. Location: J. B. Panther Navigate	Panther Navigate is a proactive system of communication and collaboration between faculty, academic advisors, and students that is designed to support student success by promptly identifying issues and allowing for intervention. Panther Navigate helps students by providing a central location to schedule advising appointments, view campus resources, and request assistance. Students who recognize that they have a problem that negatively affects their academic performance or ability to continue school may self-refer an academic early alert. To do so, students will log in to Canvas and click on Student Alerts on the left sidebar within a course. Students also have the option to download the Navigate Student app. Phone: 936-261-5902; Panther Navigate Website
Student Counseling Services	The Student Counseling Services unit offers a range of services and programs to assist students in maximizing their potential for success: short-term individual, couples, and group counseling, as well as crisis intervention, outreach, consultation, and referral services. The staff is licensed by the State of Texas and assists students who are dealing with academic skills concerns, situational crises, adjustment problems, and emotional difficulties. Information shared with the staff is treated confidentially and in accordance with Texas State Law. The Office coordinates and certifies benefits for both the G.I. Bill and the Texas Hazlewood Act. Location: Evans Hall, Rm. 102; Phone: 936-261-3563; Website: https://www.pvamu.edu/sa/departments/veteranaffairs/
Office for Student Engagement	The Office for Student Engagement delivers comprehensive programs and services designed to meet the co-curricular needs of students. The Office implements inclusive and accessible programs and services that enhance student development through exposure to and participation in diverse and relevant social, cultural,

	intellectual, recreational, community service, leadership development, and campus governance. Location: Memorial Student Center, Rm. 221; Phone: 936-261-1340; Website: https://www.pvamu.edu/studentengagement/
Center for Careers & Professional Development	Career Services supports students through professional development, career readiness, and placement and employment assistance. The Office provides one-on-one career coaching, interview preparation, resume and letter writing, and career exploration workshops and seminars. Services are provided for students at the Northwest Houston Center and College of Nursing in the Medical Center twice a month or on a requested basis. Distance Learning students are encouraged to visit the Career Services website for information regarding services provided. Location: Anderson Hall, 2 nd floor; Phone: 936-261-3570; Website: https://www.pvamu.edu/careerservices/
COVID-19 Campus Safety Measures	In accordance with the latest guidelines from the PVAMU Health Services, the following measures are in effect until further notice. <ul style="list-style-type: none"> • Students who are ill will be asked to adhere to best practices in public health, such as masking, handwashing, and social distancing, to help reduce the spread of illness across campus. • Mandatory self-reporting will no longer be required by students. Students will be responsible for communicating with their professors regarding COVID, similarly to any other illness. • There will be no mandatory isolation. Students who are too ill to engage in classroom activities will be responsible for securing the appropriate documentation to support the absence. • Students who self-isolate will be responsible for communicating with their professors and securing an excuse from Student Conduct. • All students will have access to TimelyCare, a telehealth platform that provides virtual medical care 24/7 and by appointment in the Student Health Clinic. Students are encouraged to enroll with TimelyCare at the beginning of the semester, at timelycare.com/pvamu. <p>Students will have access to COVID testing in the Student Health Clinic by appointment. Testing is for students who are symptomatic ONLY.</p>
Technical Considerations for Online and Web-Assist Courses:	
Minimum Hardware and Software Requirements	<p>Minimum Recommended Hardware and Software:</p> <ul style="list-style-type: none"> • Intel PC or Laptop with Windows 10 or later version; Mac with OS High Sierra* • Smartphone or iPad/Tablet with Wi-Fi* • High speed Internet access • 8 GB Memory • Hard drive with 320 GB storage space • 15" monitor, 800x600, color or 16 bit • Sound card w/speakers • Microphone and recording software • Keyboard & mouse • Most current version of Google Chrome, Safari or Firefox <p>*Smartphone, Google Chrome books and Android tablets may not be supported. iPads are the only tablets supported.</p> <p>Note: Be sure to enable Java & pop-ups in the Web browser preferences</p> <p>Participants should have a basic proficiency of the following computer skills:</p> <ul style="list-style-type: none"> • Sending and receiving emails • A working knowledge of the Internet • Microsoft Word (or a program convertible to Word) • Acrobat PDF Reader • Windows or Mac OS • Video conferencing software
Netiquette (online etiquette):	Students are expected to participate in all discussions and virtual classroom chats as directed. Students are to be respectful and courteous to others on discussions boards. Foul or abusive language will not be tolerated. Do not use ALL CAPS for communicating to others AS IT CAN BE INTERPRETED AS YELLING. Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you." Limit and possibly avoid the use of emoticons. Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and the message might be taken seriously or sound offensive.

Communication Expectations and Standards	Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours. Urgent emails should be marked as such. Check regularly for responses.
Discussion Requirement	<p>Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can occur in a seminar fashion. The use of the discussion board will accomplish this. The instructor will determine the exact use of discussion boards.</p> <p>It is strongly suggested that students type their discussion postings in a word processing application such as Word and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, copy and paste to the discussion board.</p>
Technical Support:	Students should go to the Password Reset Tool if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Center for Instructional Innovation and Technology Services (CIITS) at 936-261-3283 or email ciits@pvamu.edu .
Submission of Assignments-On Line:	<p>Assignments, Papers, Exercises, and Projects will be distributed and submitted through your online course. Directions for accessing your online course will be provided. Additional assistance can be obtained from the Office of Distance Learning.</p> <p>ASSIGNMENTS are due at the start of the class session unless otherwise noted by Prof. No late work will be accepted without proper documentation-</p> <p>MIRO and Google Docs will be our primary assignments submission portals along with Canvas.</p>
Grade and Evaluation	<p>Grades for assignments, submissions and exams will be posted on MIRO or Canvas or artifact depending on the project. You will be notified if those circumstances change. Responses will usually provide a grade and written feedback as well where necessary.</p> <p>Emails will be responded via email within 24 hours Monday-Friday before 5:00 PM. There will not be a response to emails asking about the class discussion (check your weekly schedule or Recap).</p> <p>Please send all correspondence to the instructor's Canvas' portal. Do not send any course materials, assignments, questions, or any email(s) to the instructor's PV's webmail Outlook account. This method will allow the instructor to track you and all correspondences to better serve your needs in a timely manner.</p>
