Course Goals and Overview:

Integrated Team
response of the source of the

The key to successful construction project control is the fusing of cost to schedule, enabling the management of one to help manage the other. This requires that a task's cost and duration have a direct relationship, not an arbitrary assignment by the scheduler. Ensuring that the relationship is correct and setting the appropriate baseline for tracking is the project control analyst's domain.

This course fills a void in the area of project control as applied in the construction industry today. It demonstrates how productivity models for an individual project are created, monitored, and controlled and how corrective actions are implemented as deviations from the baseline occur.

Course Outcomes/Learning Objectives:

At the end of this course, the students will:		
		Core Curriculum Outcome Alignment
4377.1	Integrate the schedule and budget	ACCE SLO 13
4377.2	Calculate and analyze progress	ACCE SLO 13
4377.3	Analyze and report variances in schedule and cost	ACCE SLO 13
4377.4	Recognize trends and forecasting performance	ACCE SLO 13
4377.5	Perform acceleration and schedule compression	ACCE SLO 13

Course Requirements & Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- Assignments/Papers/Exercises: Written assignments designed to supplement and reinforce course material
- **Exams:** Written tests designed to measure knowledge of presented course material
- Projects: Assignments designed to measure the ability to apply presented course material
- Class Attendance/Participation and Discussion Boards: Daily attendance and participation in class discussions

Grading Matrix

Instrument	Value (points or percentages)	Point Value	Total
Assignments	13 assignments at ~0.9% each	1,300	10%
Quizzes	13 quizzes at ~1% each	1,300	15%
Weekly Case Studies	13 presentations 1% each	1,300	13%
Weekly Case Evaluations	13 cases ~0.5% each	1,300	7%
Class Participation	15 weeks at 1% each	4,900	15%
Mid Term Exam	1 exam at 20%	100	20%
Final Exam	1 exam at 20%	100	20%
Total:		10,300	100%

CONSTRUCTION PROJECT CONTROL

Additional Credit/Bonus	13 badges at 0.5% each	(extra credits)	6.5%
Total:			106.5%

Class Attendance Policy (See Catalog for Full Attendance Policy)	 Prairie View A&M University requires regular class attendance. Attending all classes supports full academic development of each learner whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or internet. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in assignment of a grade of "F". Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus. Participation and absences are accumulated beginning with the first day of class on January 16, 2024. If you do not come to class, you may assume that you have received zero (0) points for the class period unless you have a university-approved excuse. *Attendance Reporting Period: January 16 - 24 (Show (SH) / No Show (NS)). Students who do not attend classes during this period by January 24, will be marked as a no show (NS) in Panthertracks, have the course removed, and financial aid reduced or cancelled! If you are not able to attend class during the Attendance Reporting Period, you must contact
Makeup Work for Legitimate Absences	your professor immediately with an explanation via email before noon on January 24. Prairie View A&M University recognizes that there are a variety of legitimate circumstances in which students will miss coursework and that accommodations for makeup work will be made. If a student's absence is excused, the instructor must either provide the student an opportunity to make up any quiz, exam, or other work contributing to the final grade or provide a satisfactory alternative by a date agreed upon by the student and instructor. Students are encouraged to work with instructors to complete makeup work before known scheduled absences (University-sponsored events, administrative proceedings, etc.). Students are responsible for planning their schedules to avoid excessive conflicts with course requirements. Note: only those minutes that you are present in our class Zoom sessions, with your picture visible via webcam/camera, will be counted towards your presence. Not being virtually present/visible means being absent.
	 Excused absences are in one of the following classifications: Participation in an activity appearing on the University authorized activity list from the athletics coach, band director, organization advisors, etc. Death or major illness in a student's immediate family. Illness of a dependent family member. Participation in legal proceedings that requires a student's presence. Religious holy day. Confinement because of illness. Required participation in military duties.
	If you miss class for one of these reasons, you must provide a memorandum plus supporting documentation to clear the absence from your record to the Dean of Students/Office of Student Conduct using the <i>Request for a University Excused Absence form.</i> See Absence Verification Process in the syllabus. The excuse/s will be accepted after your professor receives the authorized university excuse letter. There will be NO exceptions to this rule. Email documents from students will not be accepted to clear these absences.
	In accepting your decision to miss class, you must also be willing to accept the instructor's decision not to award you involvement points for the class or classes that are missed.

	Do not wait until the last minute to complete your assigned tasks. Sending requests for assistance at the last minute will not guarantee a quick response from the instructor.
	All work must be turned in before or on the due dates noted in the syllabi and/or documents issued by the instructor.
	Extensions/makeups will only be granted with proof of officially documented emergencies. You must provide documentation within the week the assigned tasks are due. It is your responsibility to make sure that you can access CANVAS and all digital requirements. Extensions will not be granted due to procrastination, forgetfulness, not following directions, or not purchasing access to required programs/software.
	If you are having trouble with CANVAS, contact CIITS at 936-261-3283 or send an email to <u>ciits@pvamu.edu</u> or submit a trouble ticket to <u>CIITS Troubletickets.</u> Any issues with (*add name of your required programs/software), call (800) 123-4567 (request an email confirmation with your case number if you make a phone call).
	Always provide documentation with a timestamp to the instructor as proof of the technical issues with your account when the assigned tasks were available.
Absence Verification Process	All non-athletic absences (e.g., Medical, Death/Funeral, Court/Legal-related, etc.) for which a student seeks to obtain a valid excuse must be submitted to the Dean of Students/Office of Student Conduct, with supporting documentation, for review and verification. Please use the <u>Online Reporting Forms</u> to access/complete/submit the <i>Request for a University Excused Absence</i> form for an excuse. Upon receipt, a staff member will verify the documentation and provide an official university excuse, if applicable. The student is responsible for providing the official university excuse issued by the Office for Student Conduct to the professor(s). Questions should be directed to the Dean of Students via email: <u>deanofstudents@pvamu.edu</u> or phone: (936) 261-3550 or Office for Student Conduct via email: <u>studentconduct@pvamu.edu</u> or phone: (936) 261-3524
	Requests for a university excused absence after the last day of classes will be denied.
Personal Conduct	 Students and faculty are expected to conduct themselves in ways that support individual learning and the learning of others. To that end members of the classroom community will conduct themselves in a professional and ethical manner to achieve these objectives. Any conduct construed to interfere with the learning opportunities of members of the class may result in the removal of the student from the class for that day. Repeated inappropriate conduct will result in permanent removal from the class. Based upon the fact that you are preparing for professional employment, you are expected to adhere to the following specific guidelines: 1. During regular class periods <u>all students are expected to dress appropriately</u> in accordance with university regulations so that no disruptions in the learning experience
	 No hats or caps will be allowed to be worn in the classroom during class sessions. If you elect to wear a hat or cap during the lectures or class discussion, your decision will be respected. However you should also respect the instructor's decision to not award you daily participation points based upon that decision. <u>Dress Code for Presentations:</u> Professional dress is expected for all design and technical presentations in class. Failure to adhere to the guidelines posted by the instructor will result in a deduction of ten percent (10%) from your final presentation score. Students should <u>not be eating food or consuming drinks</u> during the discussion sessions. No food or drink is allowed in the classroom at any time. <u>Cellular telephones are to be turned off or put on silent ring tone</u> during the class period. Texting is strictly prohibited during the class period. No "ear phone" units will be allowed. If your cell phone rings during the lecture or you are texting you are subject to losing all participation point for that class period.

Professional Or	ganizations and Journals
Exam Policy:	Exams and quizzes will be announced online via Canvas as scheduled . Exams should be taken as scheduled. No makeup examinations will be allowed except under documented emergencies (See Student Handbook).
Documents:	word processors, be sure to save the document in either the Microsoft Word, Rich-Text, or plain text format.
Formatting	Microsoft Word is the standard word processing tool used at PVAMU. If you are using other
	responsibility to get a copy form another student or source.
	3. <u>Lecture Notes and Handouts</u> will be posted on Canvas/eCourses. Handouts distributed during a class period will not be distributed at any other time. It is the student's
	instructor will result in a loss of participation for that class.
	or discussion board before the class is dismissed without prior approval from the
	 <u>Class is dismissed when so indicated by the instructor</u>. Students are expected to be on time and stay throughout the entire class period. Leaving the classroom presentation

University Rules and Procedures:

Disability Statement	Students with disabilities, including learning disabilities, who wish to request
(See Student	accommodations in class should register with the Services for Students with Disabilities
Handbook):	(SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator. Students should also inform the instructor of their need for accommodations immediately at the outset of the course so that a solution designed to being successful in class can be produced.
	Accommodation letters are accepted only through the university's Office of Disability Services Accommodate Portal. It is the responsibility of the student to make sure that the instructor receives and acknowledges accommodation letters.
Academic Misconduct:	Academic dishonesty is defined as any form of cheating or dishonesty that has the effect or intent of interfering with any academic exercise or fair evaluation of a student's performance.
	The college faculty can provide additional information, particularly related to a specific

i	course, laboratory, or assignment.
	You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with the <i>University Administrative Guidelines on Academic Integrity</i> , which can be found on the <u>Academic Integrity webpage</u> . Students who engage in academic misconduct are subject to university disciplinary procedures. As listed in the <i>University Administrative Guidelines on Academic Integrity</i> , the University Online Catalog, and the Student Code of Conduct, the following are examples of prohibited conduct. This list is not designed to be all-inclusive or exhaustive. In addition to academic sanctions, any student found to have committed academic misconduct that is also a violation of criminal law may also be subject to disciplinary review and action by the Office of Student Conduct (as outlined in the Student Code of Conduct).
Forms Of Academic	1. Cheating: Deception in which a student misrepresents that he/she has mastered
Dishonesty:	 information on an academic exercise that he/she has not learned, giving or receiving aid unauthorized by the instructor on assignments or examinations. Examples: unauthorized use of notes for a test; using a "cheat sheet" on a quiz or exam; any alteration made on a graded test or exam which is then resubmitted to the teacher; Plagiarism: Careless or deliberate use of the work or the ideas of another; representation of another's work, words, ideas, or data as your own without permission or appropriate acknowledgment. Examples: copying another's paper or answers, failure to identify information or essays from the internet and submitting or representing it as your own; submitting an assignment which has been partially or wholly done by another and claiming it as yours; not properly acknowledging a source which has been summarized or paraphrased in your work; failure to acknowledge the use of another's words with quotation marks; <u>Collusion</u>: When more than one student or person contributes to a piece of work that is submitted as the work of an individual; <u>Multiple Submission</u>: Submission of work from one course to satisfy a requirement in another course without explicit permission. Example: using a paper prepared and graded
Nonacademic	for credit in one course to fulfill a requirement and receive credit in a different course.
Misconduct:	The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. The Office of Student Conduct will adjudicate such incidents under nonacademic procedures.
Sexual Misconduct	Sexual harassment of students and employees at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating the university's sexual harassment policy will be subject to disciplinary action. In accordance with the Texas A&M University System guidelines, your instructor is obligated to report to the Office of Title IX Compliance (titleixteam@pvamu.edu) any instance of sexual misconduct involving a student, which includes sexual assault, stalking, dating violence, domestic violence, and sexual harassment, about which the instructor becomes aware during this course through writing, discussion, or personal disclosure. The faculty and staff of PVAMU actively strive to provide a learning, working, and living environment that promotes respect that is free from sexual misconduct, discrimination, and all forms of violence. If students, faculty, or staff would like assistance or have questions, they may contact the Title IX Coordinator at 936-261-2144 or <u>titleixteam@pvamu.edu</u> . More information can be found at <u>www.pvamu.edu/titleix</u> , including confidential resources available on campus.
Pregnancy,	Title IX of the Education Amendments of 1972 prohibits sex discrimination, which includes
Pregnancy-related,	discrimination based on pregnancy, marital status, or parental status. Students seeking accommodations related to pregnancy, pregnancy-related conditions, or parenting

and Parenting	(reasonably immediate postpartum period) are encouraged to contact Student Disability
Accommodations	Services or the Dean of Students' Office for additional information and to request accommodations.
Non-Discrimination Statement	 Praire View A&M University does not discriminate on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or gender identity in its programs and activities. The University is committed to supporting students and complying with The Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of discrimination or harassment, we encourage you to report it. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Director of Equal Opportunity & Diversity has been designated to handle inquiries regarding the non-discrimination policies and can be reached at Harrington Science Building, Suite 109 or by phone at 936-261-1744 or 1792. Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfariness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the University Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint. Students can file Academic Complaints and/or Grade Appeals at this webpage. If the student believes that the faculty's grading was inappropriate in view of the standards and procedures outlined in the syllabus, the student must follow protocol by doing the following: Fill out the <i>Student-Informal Grade Appeal Form</i> with supporting documentation and submit to the Faculty Member and Department Chair/Head to initiate the informal appeal process. If the student does not accept the results of the <i>Faculty Member Informal Grade Appeal Response from the instructor</i>,

[
	A working knowledge of the Internet
	Microsoft Word (or a program convertible to Word)
	 Acrobat PDF Reader Windows or Mac OS
	 Video conferencing software
Netiquette (online	Students are expected to participate in all discussions and virtual classroom chats as
etiquette):	directed. Students are to be respectful and courteous to others on discussions boards. Foul or abusive language will not be tolerated. Do not use ALL CAPS for communicating to others AS IT CAN BE INTERPRETED AS YELLING. Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you." Limit and possibly avoid the use of emoticons. Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and the message might be taken seriously or sound offensive.
Video Conferencing Etiquette	When using Zoom, WebEx or other video conferencing tools, confirm the visible area is tidy, clear of background clutter, inappropriate or offensive posters, and other distractions. Ensure you dress appropriately and avoid using high traffic or noisy areas. Stay muted when you are not speaking and avoid eating/drinking during session. Before class session begins, test audio, video and lighting to alleviate technology issues.
	Students are expected to participate in all discussions and virtual classroom chats when directed to do so. Students are to be respectful and courteous to others in the discussions. Foul or abusive language will not be tolerated. When referring to information from books, websites or articles, please use APA standards to reference sources.
	During the first week of class, each student will be required to acknowledge by replying to a Posting stating that you have reviewed and understand the following Online Netiquette Policy for the course.
	 Discussion/Zoom / Webcam Behavior When in a Zoom meeting or utilizing your webcam, be sure to act and dress as professionally as you can. You should look the same as you would if we were meeting face-to-face in the instructor's office or in class. You should be sitting up in a chair and not lying down. Consider how you might look if you were going to be interviewed for a job via Zoom. If you feel as though your behavior or appearance would reflect negatively on you during that situation, you are advised against it. You should also try to keep your physical environment where you are working on the class to be as quiet as possible. If there is a television or loud music playing in the background, try to limit it, as it can inhibit your ability to be easily heard and understood. Be properly dressed- hair bonnets, caps, pajamas, etc., will not be acceptable when attending class and participating in the discussions.
	Be kind to each other
	Please mute microphones when lecture is in session
	 Have fun! When posting discussions or e-mailing one another, please be respectful of what you write. Inappropriate language will not be tolerated, and the instructor has the right to determine what is inappropriate. Disrespectful students are subject to discipline or dismissal from the online learning platform for this course. All activities in the classroom will follow standards set in the Student Handbook
	3. When creating/posting images, do NOT use graphics that have sexual, political, or religious implications. If you are unsure if a certain graphic is appropriate, email your instructor privately.
	 Address your peer or instructor with their names for each post or email Do not use ALL CAPS for postings or unnecessary exclamation marks, and not use text messaging- style for official assignment postings & email to the instructor. Caps where appropriate, example
	 proper nouns and at the beginning of each sentence. 6. When posting critiques, try to be positive with your remarks, at the same time well-seasoned with ideas and comments how your peers can improve their work.
	7. This course requires that you give support and feedback to your classmate's works. If you see that someone does not have any comments made, please review your classmate's works by posting feedback.
	8. Aim at getting your discussion assignments & projects in early. (The instructor permits revisions for better grades, most important personal enrichment and improvement if assignment is posted

	When you are required to participate in the 'Discussion Forum' reply with your comments and respond to at least one of your classmates. All comments must be posted by the deadlines to receive credit. You will not receive any credit if you copy comments from readily available resources word for word (ex: online text, lectures, textbook, etc.). Last- minute posts that do not provide time for other students to respond will not be counted as "substantial" replies. This is the same as shouting as a response as you walk out of a room. Your substantive replies should be posted in time for others to respond. The final due date of the discussion is for finishing up the conversation or assignment.
	Students are required to log-on to the course website often to participate in discussion. It is strongly advised that you check the discussion area daily to keep abreast of discussions. When a topic is posted, everyone is required to participate. The exact use of discussion will be determined by the instructor.
Discussion Requirement-On Line Courses:	Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can take place in a seminar fashion. This will be accomplished using the discussion forum. The exact use of the discussion board will be determined by the instructor.
	Please send all correspondences to the instructor's Canvas' portal. Do not send any course materials, assignments, questions, or any email(s) to the instructor's PV's webmail Outlook account. This method will allow the instructor to track you and all correspondences to better serve your needs in a timely manner.
Evaluation	 business days from the due date. You will be notified if those circumstances change. Responses will usually provide a grade and written feedback as well. Emails will be responded within 48 hours Monday-Friday before 5:00 PM. There will not be a response to emails asking about the class discussion (check your weekly schedule).
Grade and	 Last-minute posts that do not provide time for other students to respond will not be counted as 'substantial' replies. This is the same as shouting as a response as you walk out of a room. Your substantive replies should be posted in time for others to respond. The final due date of the discussion is for finishing up the discussion. If you have questions about this, don't hesitate to post in the class FAQ forum. Grades for assignments, submissions and exams will be posted within five (5)
	All DISCUSSION FORUMS have two due dates . The first one is the deadline to post your substantive post (without losing credit), and the second one is to finish up with your responses. This is designed to allow ample time after everyone has answered the question for class discussion. Be sure to check the due dates on the assignment and schedule documents for each module.
	ASSIGNMENTS are due as stated on the course eCourses page. No late work will be accepted without proper documentation
Submission of Assignments-Online Courses:	and Technology Services (CIITS) at 936-261-3283 or email <u>ciits@pvamu.edu</u> . Assignments, Papers, Exercises, and Projects will distributed and submitted through your online course. Directions for accessing your online course will be provided. Additional assistance can be obtained from the Office of Distance Learning.
Technical Support:	Students should go to the <u>Password Reset Tool</u> if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Center for Instructional Innovation
	you as the learner. 9. Include references with your answers when it is cited from. Do not violate copyright laws. 10.Respect examples of Students Works posted online. They are posted as a guide.
	before the due date.) Late assignments or discussions can slow the class down and will not benefit you as the learner

	It is strongly suggested that students type their discussion postings in a word processing application and save it to their computer, a removable drive, cloud storage, email, etc. before posting to the discussion forum. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; and 2) grammatical errors can be greatly minimized using the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, it should be copied and pasted to the discussion board.
