

CVEG 4304 – Systems Engineering
Spring 2024

Course Information	Description
Instructor:	Dr. Emmanuel U. Nzewi, PE
Section # and CRN:	P01; 23983
Office Location:	CL Wilson 110-G/SR Collins - Room 329
Office Phone:	(936) 261-1658
Email Address:	eunzewi@pvamu.edu
Office Hours:	<i>(subject to change)</i> Tuesday/Thursday 01:00 PM to 2:30 PM CT
Mode of Instruction:	Face-to-Face
Course Location:	SR Collins - Room 205
Class Days & Times:	Tuesday/Thursday: 11:00 AM – 12:20 PM CT
Catalog Description:	CVEG 4304 Systems Engineering: 3 semester hours. Formulation and solution of engineering optimization problems with uncertainty factors; inclusion of sensitivity and risk analyses in optimization problems; topics in engineering management.
Prerequisites:	MATH 3302 or MATH 3023 and (CVEG 3302 or CVEG 3053)
Co-requisites:	None
Computer Use:	Each Student must have a working PVAMU account and functional eCourses (Canvas) access. ACCESS PRINTING SERVICE IS A COURSE REQUIREMENT FOR ASSIGNMENTS. Each student must have access and use the provided (free) academic LINGO version [details forthcoming] .
Required Text(s):	Revelle, Whitlach & Wright, Civil & Environmental Systems Engineering, 2nd Edition, Prentice-Hall, 2004.
Recommended Text(s):	None
Other Materials	Course notes provided in eCourses/Canvas Reference materials may be introduced/provided, as necessary, during the semester.

Three-Attempt Rule (Roy G. Perry College of Engineering):

A student may not attempt a course in Mathematics, Science, or Engineering in the Roy G. Perry College of Engineering at PVAMU **more than three times** and apply that course toward his/her degree. Enrollment in a course for a period of time sufficient for assignment of a grade, including a grade of “W”, is considered an attempt. After a student fails a course attempt twice by not receiving a grade of “C” or higher, he/she must obtain approval from the Department Head to enroll in the course for the 3rd time.

Course (Student) Learning Objectives:

	Upon successful completion of this course, students will be able to	Student Learning Alignment [ABET Student Outcomes - SOs]*	Core Curriculum Outcome Alignment
1	demonstrate fundamental understanding of the systems approach to engineering problem solving – using Linear Programming (LP)	ABET 3 (2)	N/A
2	formulate and solve optimization problems using Linear Programming (LP) methods	ABET 3 (2)	N/A
3	demonstrate an understanding of multi-objective Linear Programming (LP) models	ABET 3 (2)	N/A
4	demonstrate an ability to implement Linear Programming (LP) software to solve Linear Programs (LPs)	ABET 3 (7)	N/A
5	<i>demonstrate an understanding of uncertainty and risk analysis in engineering</i>	ABET CE Program Criteria	N/A

Mapping of Program Educational Objectives onto Student Outcomes

PEO	Program Educational Objectives	CE Student Outcomes						
		[1]	[2]	[3]	[4]	[5]	[6]	[7]
	<i>Graduates from the Civil Engineering program will:</i>							
PEO 1	Have careers in civil engineering or related fields that lead to increasing levels of responsibility and leadership	X	X	X	X	X	X	X
PEO 2	Obtain professional licensure/certifications	X	X					
PEO 3	Complete graduate studies in civil engineering or related fields	X	X	X	X		X	X
PEO 4	Engage in professional development and service	X	X	X	X		X	X

Mapping of CE Course and Student Outcomes - Updated April 2023

Previous Course No.	New Course No.	Course Title	CE Student Outcomes/SOs						
			[1]	[2]	[3]	[4]	[5]	[6]	[7]
CVEG 4093	CVEG 4304	Systems Engineering		√					√

- 1) an ability to identify, formulate, and solve **complex** engineering problems by applying principles of engineering, science, and mathematics
- 2) an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- 3) an ability to communicate effectively with a range of audiences
- 4) an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- 5) an ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- 6) an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- 7) an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

This course will utilize the following instruments to determine student letter grades		
Course Grade Requirement	Value	Total
1) Two exams (21% each)	42%	420
2) Homework Assignments (up to 10)	15%	150
3) Class Participation (ClassWork - several) and Attendance	13%	130
6) Final Exam (Comprehensive)	30%	300
Total:	100.00%	1000

Grading Criteria and Conversion:

A = 90 - 100%	D = 60 - 69%
B = 80 - 89%	F = 00 - 59%
C = 70 - 79%	

If a student has stopped attending the course (i.e. "stopped out") at any point after the first day of class but did not officially withdraw from the course and has missed assignments and exams and performed below the grade level of a D, a grade of FN (failed-non attendance) will be assigned for the final course grade to ensure compliance with the federal Title IV financial aid regulations. In contrast, if the student has completed all assignments and exams, but performed below the grade level of a D, a grade of F will be assigned for the final course grade.

Detailed Description of Major Assignments:

Assignment Title or Grade Requirement	Description
Exams	Two (2) closed book/notes tests designed to measure proficiency in course material.
Homework Assignments	Written assignments designed to engage students and reinforce course material. And to provide formative assessment, engagement and student feedback over the course of the semester
Class Participation (Classwork) & Attendance	Attendance will be recorded during course. ClassWork (short problems) will be assigned to promote student engagement/feedback. The ClassWork may require electronic submissions in eCourses (Canvas) and/or hardcopy (paper) submission in class.
Final Exam	Comprehensive closed book examination at the end of the course.

Course Procedures or Additional Instructor Policies

- Attendance in the class is mandatory and students are expected to report to class on time. Attendance will be taken at the beginning of class and may be taken at the end of class. SEE University Class Attendance Policy (below).
- Cell phones and other electronic devices should be turned off prior to the start of class. These devices must remain off while class is in session. If a student is expecting an emergency call, the cell phone should be placed in "silent mode." The student must exit the classroom to take a call.
- IF NECESSARY: For online (Zoom) class sessions ALWAYS place your microphone on MUTE and your video OFF during the class unless otherwise instructed.**
- Exam Study guides will be provided for all exams and the Final Exam when announced by the Instructor.
- No makeup test(s) will be given. Any missed test(s) will result in zero (0.0) grade. Excused absences will require documentation from the **Dean of Students/Office of Student Conduct**. A written excuse is required via email to the Instructor with proper documentation. It is the student's responsibility to contact the instructor within ONE week to make up any assignments during any period for an excused absence from class. Failure to sit for and complete the Final Exam will result in an automatic "F" grade for the course. **A one-time make-up comprehensive make-up exam will be used to substitute for all excused exams.**
- Late homework will not be accepted. Please refer to Homework submission requirements.
- Professionalism includes class conduct and participation in class. Unprofessional classroom behavior will not be tolerated. Students should not hold private conversations in class. All cell phones **MUST** be silenced during class. Disruptive behavior of any kind may result in removal from the classroom or administrative withdrawal from the course.
- For grading/class related appeals (see the PVAMU Undergraduate Catalog)
- Cheating on an exam or homework will minimally result in a grade of zero (0.0). Other forms of academic dishonesty could result in a grade of "F" for the course AND administrative referral with the maximum penalty recommended. **Please refer to the CEE Policy to Eradicate Cheating.**

USE OF CHATGPT OR GENERATIVE ARTIFICIAL INTELLIGENCE

Intellectual honesty is vital to an academic community and for my fair evaluation of your work. All work submitted in this course must be your own, completed in accordance with the University's academic regulations. You may not engage in unauthorized collaboration or make use of ChatGPT or other AI composition software. Using these tools without my permission puts your academic integrity at risk.

Please see [PVAMU's General Statement on the Use of Generative Artificial Intelligence Tools in the Classroom](#) below.

Course Procedures

Assignment Submission

Dates to submit assignments will be provided when it is assigned. LATE ASSIGNMENTS WILL NOT BE ACCEPTED! Submitted homework should be complete, LEGIBLE, neat, and presented in a professionally acceptable form.

Use the following format for all of homework submissions:

1. **Students must use only 8.5" X 11 Engineering paper (not graph paper) for submitting ALL homework/ClassWork.**
2. The Assignment Sheet must be **submitted** as the COVER PAGE for each assignment.
3. All homework/ClassWork should have the following information at the top of the first sheet (page)
 - a) Full name: LAST NAME, First Name
 - b) Course name and section
 - c) Homework number
 - d) Date of submission
4. All logical steps for arriving at the final answer AND all appropriate sketches/diagrams must be provided.
5. Document all reference figures, tables, constant values, equations, and conversions used in solving a problem.
6. Include all appropriate units throughout a solution. Points may be deducted for answers without appropriate units.
7. Start each problem on a **NEW PAGE**.
8. Write/place information on **ONLY ONE** (1) side of a sheet. Double-sided submissions are unacceptable.
9. Problems should be solved and presented in the order assigned.

Spring 2024 Semester [Selected Dates]

January 15	Monday	Dr. Martin Luther King, Jr. Holiday
January 16	Tuesday	Classes/Instruction begin; Late Registration and Add/Drop Begin
Jan 16-Jan 23	Tues - Tue	Late Registration/Late Registration Fee Begins (\$50.00)
Jan 16-Jan 24	Tues - Wed	Attendance Reporting Period. Students who do not attend class during this period will have their courses removed and financial aid reduced or cancelled
Jan 31	Wednesday	12 th Class Day (Census Date) Final Day to Drop/Withdraw from Course(s) without Academic Record (A Financial Record will still exist)
February 01	Thursday	Withdrawal from Courses with Academic Record ("W") Begins
Mar 07 - Mar 09	Thurs-Sat	Mid-Semester Examination Period
March 16	Wednesday	Mid-Semester Grades Due
Mar 11 - Mar 16	Mon-Sat	Spring Break (Student Break)
Mar 15	Friday	Spring Break (University Closed)*Subject to approval by The Texas A&M University System Board of Regents and may change
Mar 29	Friday	Good Friday (No Classes)
Apr 26	Friday	Final Day to Withdraw from a Course or the University ("W") for the Spring 2024 16- week session
Apr 26	Friday	Last Class Day
Apr 29	Monday	Study Day (no classes in session)
Apr 30 – May 08	Tues - Wed	Final Exams
May 09	Thursday	Final Grades due for Graduation Candidates (12:00 PM CT)
May 11	Saturday	Commencement
May 14	Tuesday	Final Grades due for all other students (11:59 PM CT)

Exam Policy:

Exams should be taken as scheduled. No makeup examinations will be allowed except under documented emergencies (See Student Handbook).

CEE POLICY TO ERADICATE CHEATING (TO PROTECT THE INTEGRITY OF EXAMS)

Cheating is unprofessional, unethical and is antithetical to our core value of "Excellence in Civil Engineering Education," and WILL NOT BE TOLERATED at any level. To combat this serious problem, the Civil & Environmental Engineering (CEE) Department has adopted the following rules to eradicate cheating.

- If a student cheats on a test/assignment, the student shall receive an **automatic zero** for the test/assignment.
- A student who has been determined to have cheated in a course will IMMEDIATELY relinquish his/her leadership position in any of the department's professional organizations.
- If a student cheats multiple times in a course, the student will receive a **grade of "F"** for the course.
- **CALCULATORS:** The calculators allowed for **use in exams is restricted to the latest Fundamentals of Engineering (FE) approved calculators.** For the latest National Council of Examiners for Engineering and Surveying (NCEES) Fundamentals of Engineering (FE) approved calculators visit <https://ncees.org/exams/fe-exam/> (look under "**Other Resources.**") [The Instructor may also provide a list for the course.]

The current NCEES Calculator Policy is provided below:

CALCULATOR POLICY

To protect the integrity of its exams, NCEES limits the types of calculators examinees may bring to exam sites. The list of approved calculators is reviewed annually.

The following calculator models are the only ones acceptable for use during the 2024 exams:

- **Casio:** All fx-115 and fx-991 models (Any Casio calculator must have "fx-115" or "fx-991" in its model name.)
- **Hewlett Packard:** The HP 33s and HP 35s models, but no others
- **Texas Instruments:** All TI-30X and TI-36X models (Any Texas Instruments calculator must have "TI-30X" or "TI-36X" in its model name.)

GENERAL EXAM GUIDELINES

- 1) All cellphones/smartwatches **MUST** be placed in a book bags during exams and turned off. Book bags **MUST** be placed in front of the classroom and away from students. Students without a book bag must place cellphone/smartwatch (turned off) on Instructor's desk – no exceptions
- 2) Any student possessing a cellphone/smartwatch or any other unauthorized device **WILL** receive an automatic zero for the test/assignment. This is cheating.
- 3) **CLOTHING:** Hoodies are **NOT** Allowed during exams. No headphones (corded or wireless) are **ALLOWED**.
- 4) Calculator covers are **DISALLOWED** during tests and must be placed in students' book bags during exams.
- 5) There shall be **NO SHARING** of resources during the exam
- 6) **RESTROOM VISIT:** if you need to use the restroom, do so before opening the exam. Once the exam begins, you must submit your work to the instructor if you leave the classroom to visit the rest room (your exam terminates).

Additionally, please see the section on "Academic Misconduct" (below).

16 WEEK CALENDAR (Subject to change)

Week 1: Topic(s)	Course Overview and Syllabus/Review of basic concepts pertaining to Systems Engineering
Chapter(s):	Instructor's Notes
Assignment(s):	None
Week 2: Topic	History of Systems Engineering/Operations Research/ Mathematical Programming and Applications
Chapter(s):	Chapter 1/Notes
Assignment(s):	Classwork/Homework
Week 3: Topic(s)	Mathematical modeling: Objective Function, Decision Variables, Constraints/Linear Programs (LP)
Chapter(s):	Chapter 2/Notes
Assignment(s):	Classwork/Homework
Week 4: Topic(s)	Linear Programming/ Graphical Solution of Linear Programs
Chapter(s):	Chapter 2/Notes
Assignment(s):	Classwork/Homework
Week 5: Topic(s)	Graphical Solution of Linear Programs/The Simplex Algorithm and LP Solution by Dictionary Method
Chapter(s):	Chapter 3/Notes
Assignment(s):	Classwork/Homework
Week 6: Topic(s)	Using LINGO (LINDO solver) to solve real-world LPs/Handling absolute variables/Sensitivity Analysis
Chapter(s):	Chapters 3/Notes
Assignment(s):	Classwork/Homework
Week 7: Topic(s)	Sensitivity Analysis/Notes
Chapter(s):	Chapters 3/Review for Exam #1
Assignment(s):	EXAM #1 (TENTATIVE)
Week 8: Topic(s)	Mixed Integer programming (MIP)/ Branch-and-Bound Algorithm
Chapter(s):	Chapters 5 and 6/Notes
Assignment(s):	Classwork/Homework
Week 9: Topic(s)	Mixed Integer programming (MIP)/Using LINDO/IP to solve moderately sized IPs and MIPs
Chapter(s):	Chapters 5 and 6/Notes
Assignment(s):	Classwork/Homework
Week 10: Topic(s)	Mixed Integer programming (MIP)/Using LINDO/IP to solve moderately sized IPs and MIPs (continued)
Chapter(s):	Chapters 5 and 6/Notes
Assignment(s):	Classwork/Homework
Week 11: Topic(s)	Multi-Objective Programming (MOP)/Multi-Objective Linear Math Models (MOLP)
Chapter(s):	Chapter 4/Notes
Assignment(s):	Classwork/Homework
Week 12: Topic(s)	Solution of MOLPs: Tradeoff curves, Non-Inferior Sets, Non-Dominated Solutions
Chapter(s):	Chapter 4/Notes
Assignment(s):	EXAM #2 (TENTATIVE)
Week 13: Topic(s)	Uncertainty and Risk Analysis/Review of Probability and Statistics/Review of Engineering Economy
Chapter(s):	Class Notes
Assignment(s):	Classwork/Homework
Week 14: Topic(s)	Quantification of risk and uncertainty in engineering/Decision Tree Analysis
Chapter(s):	Class Notes
Assignment(s):	Classwork/Homework
Week 15: Topic	Quantification of risk and uncertainty in engineering/Decision Tree Analysis (continued)
Chapter(s):	Class Notes
Assignment(s):	Classwork/Homework
Week 16: Topic	FINAL EXAM (COMPREHENSIVE)

Syllabus Revision(s):

The instructor reserves the right to make changes to the course syllabus as necessary/appropriate. It is the student's responsibility to be abreast of any changes posted on eCourses/Canvas and/or changes announced in class.

Student Support and Success

John B. Coleman Library

The John B. Coleman Library's mission is to enhance the scholarly pursuit of knowledge, to foster intellectual curiosity, and to promote life-long learning and research through our innovative services, resources, and cultural programs, which support the Prairie View A&M University's global mission of teaching, service, and research. It maintains library collections and access both on campus, online, and through local agreements to further the educational goals of students and faculty. [Library Website](#) Phone: 936-261-1500

Academic Advising Services

Academic Advising Services offers students various services that contribute to student success and lead toward graduation. We assist students with understanding university policies and procedures that affect academic progress. We support the early alert program to help students connect to success early in the semester. We help refer students to the appropriate academic support services when they are unsure of the best resource for their needs. Faculty advisors support some students in their respective colleges. Your faculty advisor can be identified in PantherTracks. Advisors within Academic Advising Services are available to all students. We are located across campus. Find your advisor's location by academic major on the [advising website](#). Phone: 936-261-5911

The University Tutoring Center

The University Tutoring Center (UTC) offers free tutoring and academic support to all registered PVAMU students. The mission of the UTC is to help provide a solid academic foundation that enables students to become confident, capable, independent learners. Competent and caring staff and peer tutors guide students in identifying, acquiring, and enhancing the knowledge, skills, and attitudes needed to reach their desired goals. Tutoring and academic support are offered face-to-face in the UTC and virtually in online sessions. Other support services available for students include Supplemental Instruction, Study Breaks, Academic Success Workshops, and Algebra Study Jam. Location: J. B. Coleman Library, Rm. 307; Phone: 936-261-1561; Email: pvtutoring@pvamu.edu; [University Tutoring Website](#)

Writing Center

The Writing Center provides well-trained peer tutors to assist students with writing assignments at any stage of the writing process. Tutors help students with various writing tasks from understanding assignments, brainstorming, drafting, revising, editing, researching, and integrating sources. Students have free access to Grammarly online writing assistance. Grammarly is an automated proofreading and plagiarism detection tool. Students must register for Grammarly by using their student email address. In addition, students have access to face-to-face and virtual tutoring services either asynchronously via email or synchronously via Zoom. Location: J. B. Coleman Library, Rm. 209; Phone: 936-261-3724; [Writing Center Website](#), [Grammarly Registration](#)

Panther Navigate

Panther Navigate is a proactive system of communication and collaboration between faculty, academic advisors, and students that is designed to support student success by promptly identifying issues and allowing for intervention. Panther Navigate helps students by providing a central location to schedule advising appointments, view campus resources, and request assistance. Students who recognize that they have a problem that negatively affects their academic performance or ability to continue school may self-refer an academic early alert. To do so, students will log in to Canvas and click on Student Alerts on the left sidebar within a course. Students also have the option to download the Navigate Student app. Phone: 936-261-5902; [Panther Navigate Website](#)

Student Counseling Services

The Student Counseling Services offers a range of services and programs to assist students in maximizing their potential for success: short-term individual, couples, and group counseling, as well as crisis intervention, outreach, consultation, and referral services. The staff is licensed by the State of Texas and assists students who are dealing with academic skills concerns, situational crises, adjustment problems, and emotional difficulties. Information shared with the staff is treated confidentially and in accordance with Texas State Law. Location: Hobart Taylor, 2nd floor; Phone: 936-261-3564; [Health & Counseling Center Website](#)

Office of Testing Services

The Office of Testing Services serves to facilitate and protect the administration of educational and professional exams to aid students, faculty, staff, and the community in their academic and career goals. We provide proctoring services for individuals who need to take exams for distance or correspondence courses for another institution, exams for independent study courses, or make-up exams. In order for a proctored exam to be administered by our office, the instructor of the course must first submit the online PVAMU Testing Services – Test Proctoring Form (this form can only be completed by the instructor) to the Office of Testing Services 72 hours prior to the first exam being administered. Once the Test Proctoring Form has been submitted, the instructor will inform their testers so they can then register for an appointment with our office on one of the selected proctored exam test dates within the testing window for the exam and pay the applicable fees. To access the OTS – Test Proctoring Form, to schedule a proctored exam appointment, or to find more information about our proctoring services, please visit the [OTS – Proctoring Service website](#). Location: Wilhelmina Delco, 3rd Floor, Rm. 305; Phone: 936-261-3627; Email: aetesting@pvamu.edu; [Testing Website](#)

Office of Diagnostic Testing and Disability Services

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, contact the Office of Disability Services. As a federally-mandated educational support unit, the Office of Disability Services serves as the repository for confidential disability files for faculty, staff, and students. For persons with a disability, the Office develops individualized ADA letters of request for accommodations. Other services include learning style inventories, awareness workshops, accessibility pathways, webinars, computer laboratory with adapted hard and software, adapted furniture, proctoring non-standardized test administrations, ASL interpreters, ALDs, digital recorders, Livescribe, and a comprehensive referral network across campus and the broader community. Location: Hobart Taylor, Rm. 1D128; Phone: 936-261-3583; [Disability Services Website](#)

Center for Instructional Innovation and Technology Services (CIITS)

Distance Learning, also referred to as Distance Education, is the employment of alternative instructional delivery methods to extend programs and services to persons unable to attend classes in the traditional manner. CIITS supports student learning through online, hybrid, web-assist, and 2-way video course delivery. For more details and contact information, visit [CIITS Student Website](#). Phone: 936-261-3283 or email: ciits@pvamu.edu.

Veteran Affairs

Veteran Services works with student veterans, current military, and military dependents to support their transition to the college environment and continued persistence to graduation. The Office coordinates and certifies benefits for both the G.I. Bill and the Texas Hazlewood Act. Location: Evans Hall, Rm. 102; Phone: 936-261-3563; [Veteran Affairs Website](#)

Office for Student Engagement

The Office for Student Engagement delivers comprehensive programs and services designed to meet the co-curricular needs of students. The Office implements inclusive and accessible programs and services that enhance student development through exposure to and participation in diverse and relevant social, cultural, intellectual, recreational, community service, leadership development, and campus governance. Location: Memorial Student Center, Rm. 221; Phone: 936-261-1340; [Student Engagement Website](#)

Center for Careers & Professional Development

This center supports students through professional development, career readiness, and placement and employment assistance. The center provides one-on-one career coaching, interview preparation, resume and letter writing, and career exploration workshops and seminars. Services are provided for students at the Northwest Houston Center and College of Nursing in the Medical Center twice a month or on a requested basis. Distance Learning students are encouraged to visit the center website for information regarding services provided. Location: Anderson Hall, 2nd floor; Phone: 936-261-3570; [Center for Careers & Professional Development Website](#)

University Rules and Procedures

Academic Misconduct

Academic dishonesty is defined as any form of cheating or dishonesty that has the effect or intent of interfering with any academic exercise or fair evaluation of a student's performance. The college faculty can provide additional information, particularly related to a specific course, laboratory, or assignment.

You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with the *University Administrative Guidelines on Academic Integrity*, which can be found on the [Academic Integrity webpage](#). Students who engage in academic misconduct are subject to university disciplinary procedures. As listed in the *University Administrative Guidelines on Academic Integrity*, the University Online Catalog, and the Student Code of Conduct, the following are examples of prohibited conduct. This list is not designed to be all-inclusive or exhaustive. In addition to academic sanctions, any student found to have committed academic misconduct that is also a violation of criminal law may also be subject to disciplinary review and action by the Office of Student Conduct (as outlined in the Student Code of Conduct).

Forms of Academic Dishonesty:

1. **Cheating:** Deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not learned, giving or receiving aid unauthorized by the instructor on assignments or examinations. Examples: unauthorized use of notes for a test; using a "cheat sheet" on a quiz or exam; any alteration made on a graded test or exam which is then resubmitted to the teacher;
2. **Plagiarism:** Careless or deliberate use of the work or the ideas of another; representation of another's work, words, ideas, or data as your own without permission or appropriate acknowledgment. Examples: copying another's paper or answers, failure to identify information or essays from the internet and submitting or representing it as your own; submitting an assignment which has been partially or wholly done by another and claiming it as yours; not properly acknowledging a source which has been summarized or paraphrased in your work; failure to acknowledge the use of another's words with quotation marks;
3. **Collusion:** When more than one student or person contributes to a piece of work that is submitted as the work of an individual;
4. **Conspiracy:** Agreeing with one or more persons to commit an act of academic/scholastic dishonesty; and
5. **Multiple Submission:** Submission of work from one course to satisfy a requirement in another course without explicit permission. Example: using a paper prepared and graded for credit in one course to fulfill a requirement and receive credit in a different course.

PVAMU's General Statement on the Use of Generative Artificial Intelligence Tools in the Classroom

Generative Artificial Intelligence (GAI), specifically foundational models that can create writing, computer code, and/or images using minimal human prompting, are increasingly becoming pervasive. Even though ChatGPT is one of the most well-known GAIs currently available, this statement includes any and all past, current, and future generations of GAI software. Prairie View A&M University expects that all work produced for a grade in any course, be it face-to-face or virtual, will be the sole product of a student's endeavors to meet those academic goals. However, should an instructor permit their students to use artificial intelligence as a resource or tool, students must not substitute the substance of their original work with the results of using such GAI tools. This clearly violates the [University's Administrative Guidelines on Academic Integrity](#) and its underlying academic values.

Nonacademic Misconduct

The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor's ability to conduct the class, (2) the ability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. The Office of Student Conduct will adjudicate such incidents under nonacademic procedures.

Sexual Misconduct

Sexual harassment of students and employees at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating the university's sexual harassment policy will be subject to disciplinary action. In accordance with the Texas A&M University System guidelines, your instructor is obligated to report to the Office of Title IX Compliance (titleixteam@pvamu.edu) any instance of sexual misconduct involving a student, which includes sexual assault, stalking, dating violence, domestic violence, and sexual harassment, about which the instructor becomes aware during this course through writing, discussion, or personal disclosure. The faculty and staff of PVAMU actively strive to provide a learning, working, and living environment that promotes respect that is free from sexual misconduct, discrimination, and all forms of violence. If students, faculty, or staff would like assistance or have questions, they may contact the Title IX Coordinator, Dr. Zakiya Brown, at 936-261-2144 or titleixteam@pvamu.edu. More information can be found at [Title XI Website](#), including confidential resources available on campus.

Protections and Accommodations for Pregnant and Parenting Students

The U.S. Department of Education's Office for Civil Rights (OCR) enforces, among other statutes, Title IX of the Education Amendments of 1972. Title IX protects people from discrimination based on sex, sexual orientation, and gender identity in education programs or activities that receive federal financial assistance. This protection includes those who may be pregnant and parenting. Title IX states: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." Students seeking accommodations related to pregnancy or parenting should contact the Office of Title IX for information, resources, and support at titleixteam@pvamu.edu. Additional information and/or support may be provided by the Office of Disability Services or the Office of the Dean of Students.

Non-Discrimination Statement

Prairie View A&M University does not discriminate on the basis of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or gender identity in its programs and activities. The University is committed to supporting students and complying with The Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of discrimination or harassment, we encourage you to report it. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Director of Equal Opportunity & Diversity has been designated to handle inquiries regarding the non-discrimination policies and can be reached at Harrington Science Building, Suite 109, or by phone at 936-261-1744 or 1792.

Class Attendance Policy (See the University Online Catalog for Full Attendance Policy)

Prairie View A&M University requires regular class attendance. Attending all classes supports the full academic development of each learner, whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or the Internet. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in the assignment of a grade of "F." Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus.

Makeup Work for Legitimate Absences

Prairie View A&M University recognizes that there are a variety of legitimate circumstances in which students will miss coursework and that accommodations for makeup work will be made. If a student's absence is **excused**, the instructor must either provide the student an opportunity to make up any quiz, exam, or other work contributing to the final grade or provide a satisfactory alternative by a date agreed upon by the student and instructor. Students are encouraged to work with instructors to complete makeup work before known scheduled absences (University-sponsored events, administrative proceedings, etc.). Students are responsible for planning their schedules to avoid excessive conflicts with course requirements.

Absence Verification Process

All non-athletic absences (e.g., Medical, Death/Funeral, Court/Legal-related, etc.) for which a student seeks to obtain a valid excuse must be submitted to the Dean of Students/Office of Student Conduct, with supporting documentation, for review and verification. Please use the [Online Reporting Forms](#) to access/complete/submit the *Request for a University Excused Absence* form for an excuse. Upon receipt, a staff member will verify the documentation and provide an official university excuse, if applicable. The student is responsible for providing the official university

excuse issued by the Office for Student Conduct to the professor(s). Questions should be directed to the Dean of Students via email: deanofstudents@pvamu.edu or phone: (936) 261-3550 or Office for Student Conduct via email: studentconduct@pvamu.edu or phone: (936) 261-3524.

Student Academic Appeals Process

Authority and responsibility for assigning grades to students rest with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the University Online Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.

Technical Considerations

Minimum Recommended Hardware and Software:

- Intel PC or laptop with Windows 10 or later version; Mac with OS Catalina
- Smartphone or iPad/tablet with wi-fi*
- High-speed internet access
- 8 GB memory
- Hard drive with 320 GB storage space
- 15" monitor, 1024 x 768, color
- Speakers (internal or external)
- Microphone and recording software
- Keyboard & mouse
- Most current version of Google Chrome, Safari, or Firefox

Note: Be sure to enable Java & pop-ups in the web browser preferences

* Some courses may require remote proctoring. At this time only Chromebooks, laptops, and desktops running Windows or Mac work with our proctoring solution, but iPads are not compatible. Most other applications will work with Android or Apple tablets and smartphones.

Participants should have a basic proficiency of the following computer skills:

- Sending and receiving email
- A working knowledge of the Internet
- Microsoft Word (or a program convertible to Word)
- Acrobat PDF Reader
- Windows or Mac OS
- Video conferencing software (Zoom)

Netiquette (online etiquette)

Students are expected to participate in all discussions and virtual classroom chats as directed. Students are to be respectful and courteous to others on discussion boards. Foul or abusive language will not be tolerated. Do not use ALL CAPS for communicating to others AS IT CAN BE INTERPRETED AS YELLING. Avoid slang terms such as "wassup?" and texting abbreviations such as "u" instead of "you." Limit and possibly avoid the use of emoticons. Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post, and the message might be taken seriously or sound offensive.

Video Conferencing Etiquette

When using Zoom, WebEx, or other video conferencing tools, confirm the visible area is tidy, clear of background clutter, inappropriate or offensive posters, and other distractions. Ensure you dress appropriately and avoid using high traffic or noisy areas. Stay muted when you are not speaking and avoid eating/drinking during the session. Before the class session begins, test audio, video, and lighting to alleviate technology issues.

Technical Support

Students should go to [Password Reset Tool](#) if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Center for Instructional Innovation and Technology Services at 936-261-3283 or email ciits@pvamu.edu.

Communication Expectations and Standards

Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours. Urgent emails should be marked as such. Check regularly for responses.

Discussion Requirement

Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can occur in a seminar fashion. The use of the discussion board will accomplish this. The instructor will determine the exact use of discussion boards.

It is strongly suggested that students type their discussion postings in a word processing application such as Word and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, copy and paste to the discussion board.

COVID-19 Campus Safety Measures

In accordance with the latest guidelines from the PVAMU Health Services, the following measures are in effect until further notice.

- Students who are ill will be asked to adhere to best practices in public health, such as masking, handwashing, and social distancing, to help reduce the spread of illness across campus.
- Mandatory self-reporting will no longer be required by students. Students will be responsible for communicating with their professors regarding COVID, similarly to any other illness.
- There will be no mandatory isolation. Students who are too ill to engage in classroom activities will be responsible for securing the appropriate documentation to support the absence.
- Students who self-isolate will be responsible for communicating with their professors and securing an excuse from Student Conduct.
- All students will have access to [TimelyCare](#), a telehealth platform that provides virtual medical care 24/7 and by appointment in the Student Health Clinic. Students are encouraged to enroll with TimelyCare at the beginning of the semester, at timelycare.com/pvamu.
- Students will have access to COVID testing in the Student Health Clinic by appointment. Testing is for students who are symptomatic ONLY.
