**Detailed Description of Major Assignments:**

**Attendance/Class Participation**

Students are expected to attend all classes and participate in class discussions. Class meetings may involve large and/or small group discussions or special projects. Participation in class discussions and/or special projects will be worth **10% of your final grade**. Class participation includes: (1) prompt and regular attendance in class, (2) pop quizzes, (3) objective and respectful participation in class discussions, and any other activities at the discretion of the instructor.

**Group Project/Presentations**

Students will be assigned to small groups to research and present on a “hot topic” in criminal justice. The topics will be assigned to each group. Presentations will be a group grade and each group member is expected to equally participate and contribute. Student presentations will be expected to be well-articulated by group members. Professional attire guidelines are as follows:

**Women:** Dark colored suits - blue, black, gray (skirts or pants); closed toe pumps, stockings (no mesh); no chipped nail polish, nor nails that look like claws, no dangling earrings, no visible tattoos, no visible body piercings besides the ear, no gold tooth cap in the front of the mouth, skirts should not be shorter than the span of your arms, nor too tight; no cleavage, hairdo should be neat and not overly creative; minimize the number of accessories.

**Men:** Dark colored suit – navy or black preferred (no zoot suits); dress shoes and
socks; dress pants (no khaki); white shirt (or other non-bright color shirt – without patterns and well-coordinated with the choice of pants), and a tie; no earring(s); no visible tattoos; no visible body piercings; no gold tooth cap in the front of the mouth; hair and face neatly groomed (no braids; no pony tails; flowing locks or dreadlocks need to be neatly pulled back).

Attire is calculated into your presentation grade. You have been given this sheet prior to your presentation date. Therefore, NO excuses about attire will be accepted! A full matrix of what is expected will be provided by the instructor. Group presentations will be worth 10% of your final grade.

Reflection Assignment

Each student will be required to complete a reflection assignment related to course content. The topic will be formulated by the student and approved by the instructor. A reflection paper should not be less or more than two pages in length (excluding the cover and reference pages), 500 words, typed, double-spaced and in APA format per the 6th edition of the manual. The reflection assignment will make up 15% of your final grade. Penalty for late submission of a reflection paper is a one-point deduction per day off the paper score. Late submissions will not be accepted after final exams.

The following must be submitted to receive full credit: 1) a slip from the 3 Writing Center in Hilliard Hall (or signature and note from a doctoral tutor) showing that you visited for consultation on improving your writing, 2) a copy of the typed paper that you took to the lab 3) a typed copy of the corrected paper after your lab visit. * The final (edited) copy must be uploaded into Taskstream. Hard copies of papers are due Thursday, March 30, 2017 at 12:30pm.

Social Responsibility

This assignment is designed to highlight students’ understanding of social responsibility and criminal justice with the aim of engendering civic engagement. This group assignment will be done in the same group as those for the group presentation. Further details will be provided. This assignment accounts for 10% of the final grade.

Examinations

There will be three examinations. The first examination is worth 15% of your final grade; the second and third are the mid-semester and final exams respectively, and each worth 20% of your final grade. None of the exams will be comprehensive. Exams will be based on the text, supplemental readings and videos, lecture information, and any other materials provided during the semester.

Students will be allowed a makeup exam on the first exam-only after taking the exam. The higher of the two grades will be the one added to the final grade matrix. Each exam will comprise restricted response items (multiple choice, true/false, and/or matching) and essay questions. It is most ill-advised to miss any of the exams!

Readings

It is advisable for students to follow the schedule of reading assignments as set out in the Semester Calendar. Students should complete the reading assignments before coming to class. Apart from facilitating class discussion, this will allow you time to formulate questions for presentation in class. In addition to the required text, the course will utilize video presentations, guest speakers, and additional handouts that concern issues pertinent to crime in America. Information from all sources (textbooks, lectures, video presentations, guest speakers, and handouts) may be included on course examinations.

Course Procedures or Additional Instructor Policies
Taskstream
Taskstream is a tool that Prairie View A&M University uses for assessment purposes. At least one of your assignments is **REQUIRED** to be submitted as an "artifact," an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but for general information, you can visit Taskstream via the link in eCourses.

**EXTRA CREDIT:**
This may be given during the semester at the instructor's discretion. If an extra credit is given, it will be available to every student in the class who qualifies for it.

**ATTENDANCE:**
Prairie View A&M University requires regular class attendance. Consequently, students are expected to attend all class sessions promptly and regularly. The instructor will take attendance at some point during each class session. Excessive absences will result in lowered grades. Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or an assignment of a grade of “F”. Absences are accumulated beginning with the first day of class. A student who misses any class session will be responsible for the subject matter discussed during that particular session. Notes missed (from lectures, guest speakers, presentations, etc.) will need to be obtained from a fellow classmate. It will be extremely difficult for you to obtain an acceptable grade in this course if you consistently miss class.

**Department Policy on Mobile Devices and Technology**
It is imperative that instructors be afforded reasonable authority to manage the classroom learning environment. An important component of management of the classroom environment is control of topic and pedagogical method. Empirical data shows that student use of mobile devices and other forms of technology that are not approved by the instructor for the educational endeavor of interest serve as distracters to student attention. When students attempt to divide their time between paying attention to the classroom topic and/or pedagogical method used by the instructor and the use of a mobile device, the student may miss important course content or details. Certain use of mobile devices or technology by a student may also serve as a substantial distraction to other students enrolled in the course.

The instructor of record may and is encouraged to further elaborate his or her own course-specific mobile device policies in writing in the course syllabus. It is the policy of the Department of Justice Studies that during closed book examinations no mobile device or other form of technology be placed in the student's work area, visible to the student. Consequently, cell phone use during exams in this class is strictly prohibited. Having any electronic device on and visible during a closed book examination will lead to an assumption of cheating and an “F” for the test. However, if there is an urgent need to use a cell phone during any class period not scheduled for testing, you are advised to do so outside (and not inside) the class to limit distractions.

**Food and Drinks:**
No food or drinks are allowed in class per building policy.

**Formatting Documents:**
Microsoft Word is the standard word processing tool used at PVAMU. If you’re using other word processors, be sure to use the “save as” tool and save the document in either the Microsoft Word, Rich Text, or plain text format.

**Submission of Assignments:**
Please pay special attention to the submission instructions given for your reflection paper as stated above, as well as the consequences for being late. On the due date, this particular assignment will be submitted within the first 15 minutes of the scheduled class.

**Exam Policy**
Exams should be taken as scheduled. Make-up exams will only be allowed at the discretion of the instructor, arrangements must be made with the instructor prior to the examination date unless there is an emergency.

Disability Statement (Also See Student Handbook):
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Disability Services, in Evans Hall, Room 317, or call 936-261-3585/3.

Academic Misconduct (See Student Handbook):
You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures.

Forms of Academic Dishonesty:
1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.
3. Fabrication: use of invented information or falsified research.
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism.

Nonacademic Misconduct (See Student Handbook)
The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor’s ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures.
