Course Title: ARCHITECTURE DESIGN I  
Course Prefix: ARCH  
Course No.: 1233  
Section No.: P01/P81

School of Architecture: Department: ☑ Architecture  
☐ Construction Science  
☐ Art  
☐ Digital Media Art  
☐ Community Development

Course Location: Nathelyne Archie Kennedy Building, Room 318 (SECTION 1) Room 320 (SECTION 3)

Class Meeting Days & Times:  
Monday - Wednesdays; 1:00-3:20PM SECTION 1  
Monday - Wednesdays; 3:30-5:50PM SECTION 3

Catalog Description: "(1---4) Credit 3 Semester hours.  
Introduction to basic design issues including form, space, ordering systems, human use, and the architect's responsibility to society.  
Students will investigate these issues critically in individual and collaborative projects, and communicate findings through visual, oral, and written presentations

Prerequisites: N/A.

Co-requisites:  
ARCH 1233

MODE of Instruction  
☑ Face-to-face  ☐ On-line  ☐ Hybrid

Instructor:  
Dr. Ikhlas Sabouni  
Dean, Professor

Office Location:  
School of Architecture, Prairie View A&M University, Room 102

Office Telephone:  
(936) 261-9810

Fax:  
(936) 261-9826

Email Address:  
thkhan@pvamu.edu

U.S. Postal Service Address:  
Prairie View A&M University  
P.O. Box 519  
Mail Stop 2100  
Prairie View, TX 77446

Office Hours:  
Monday - Thursday 01:00-05.50 PM. OTHER HOURS BY APPOINTMENT.  
Students are advised to make appointments with the professor ahead of time and be specific with the subject matter to be discussed.

Virtual Office Hours:  
8:00 AM – 9.30 PM

Required Text:  
ARCHITECTURE: Form, Space and Order; Authors: Francis D Ching Publisher: John Wiley & Sons, Inc.  
ISBN:

Optional Text:  
Diagramming the Big Idea by Jeffrey Balmer and Michael Swisher ISBN:

Recommended Text/Readings:

Learning Resources:  
PVAMU Library:  
Telephone: (936) 261-1500;  
web: http://www.tamu.edu/pvamu/library/  
Use the Reference Desk at the library where the staff is eager to guide your research. They can orient you to hard copies and on-line resources.

University Bookstore:  
Telephone: (936) 261-1990  
web: https://www.bkstr.com/Home/10001-10734-1?demoKey=d
The Writing Center
Telephone: (936) 261-3700
The Writing Center’s goal is to provide a friendly, stress-free environment for students from all over campus to meet with a consultant and talk about writing of all types. They provide a responsive audience and advice from experienced writers in sessions generally lasting thirty to forty-five minutes. Sessions of this length offer time to work individually with students on any aspect of the writing process: from brainstorming and drafting, to revising and proofreading. They will explore ways to improve a student’s overall writing skills. They do NOT proofread or edit for students, but instead teach proofreading and editing techniques. Their goal is to: make a better writer for the long term.

Student Academic Success Center
Telephone: (936) 261-1040
Student Academic Success Center identifies academic and social roadblocks that interfere with persistence and timely graduation of PVAMU students. SASC informs campus-wide policies by staying current with retention literature and best practices. Further, SASC develops programs and services that are specifically aimed at continuing the academic success of the first year. We strive to provide PVAMU students with “Navigation to Graduation”.

The Tutoring Center
John B. Coleman Library in Room 209
Telephone: (936) 261-1561
Hours: Monday through Thursday 12 pm to 9 pm and Friday from 8 am to 5 pm.
Email: AEtutoring@pvamu.edu
Open to all undergraduate students enrolled for credit in targeted PVAMU courses. offers help for:
- Microeconomics, Macroeconomics
- Management Information Systems
- History, Government
- Statistics, Basics – Calculus II
- Psychology, Sociology
- English (Basics – Freshman Comp II), Speech
- Spanish I & II
- Biology (Pre-Med, Pre-Nursing)
- Chemistry (Bio & Nursing Majors)
- Physics
- Materials & Science

Course Goals and Overview:
This course explores the fundamentals of design through the use of basic elements, systems, constraints, and principles. The studio (course) challenges students to think critically about the built environment, while working in an open interactive space that encourages collaboration and embraces a diversity of solutions to a given problem. Students will focus on communicating ideas and designs in a clear effective manner. In addition to taking on abstract design concepts, students will also be asked to consider the architect’s role in society and the responsibilities that come with it.

Course Outcomes/Learning Objectives
At the end of this course, the student will:

<table>
<thead>
<tr>
<th>Course Objective</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1253.1</td>
<td>Understand identify, describe and apply Primary elements and principles of architectural design. Critical Thinking</td>
</tr>
<tr>
<td>1253.2</td>
<td>Understand how Ordering systems can be used to organize elements in 2D and 3D compositions - point, plane, line and objects. Critical Thinking</td>
</tr>
<tr>
<td>1253.3</td>
<td>Communicate ideas effectively through visual, written, and oral means to internal/independent jurists. Communication</td>
</tr>
<tr>
<td>1253.4</td>
<td>Produce quality architectural models, drawings and other methods of representation that portray design intent visually. Communication</td>
</tr>
<tr>
<td>1253.5</td>
<td>Produce an individual design that successfully responds/integrates to a larger class-wide design Teamwork/Collaboration</td>
</tr>
<tr>
<td>1253.6</td>
<td>Understand the need to design effective, usable spaces which provide for the health, safety, and welfare of users. Social Responsibility</td>
</tr>
</tbody>
</table>
Course Requirements & Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- **Investigations** – Short assignments where students will be asked to think critically about course concepts and experiment with ways that these concepts can be applied.

- **Projects** – Long term assignments where students are asked to apply critical thinking and concepts to a given problem. Some projects are handled individually, and others will require students to collaborate with others and work in small teams. While early projects will deal with architectural concepts in an abstract sense, the final project applies these concepts to a space intended for human use. In designing for human use, students will be required to incorporate basic building code requirements as a way to introduce the architect’s social responsibility to create spaces that address the health, safety, and welfare of the general public.

- **Presentations** – Public reviews of projects juried by faculty and professionals where an emphasis is placed on communication of design intentions and discoveries through visual, oral, and written means.

- **Portfolio** – A publication/documentation which communicates the student’s work over the course of the semester through visual and written means where emphasis is placed on process as well as product.

- **Participation** – Engagement in class discussions where students will be asked to engage concepts critically and discuss their questions and responses with the rest of the studio.

- **Craft** – In an architectural design studio, there is an expectation for a certain level of craft to be met. To produce work that meets this level of quality requires that students work with a sense of care on the drawings and models that are required. In order to meet this expectation, students must invest time outside of normal class hours in order to complete the work. It is crucial that students meet this expectation.

### GRADING MATRIX

A = 90–100 points  B = 80–89 points  C = 70–79 points  D = 60–69 points  
F = 59 points or below
### Course Procedures

**Taskstream**

Taskstream is a tool that Prairie View A&M University uses for assessment purposes. One of your assignments may be considered an “artifact,” an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but for general information, you can visit Taskstream via the link in eCourses.

You are expected to upload an Artifact (to be determined by instructor) to Taskstream.

---

**University Attendance Policy:**

Prairie View A&M University requires regular class attendance. Excessive absences will result in lowered grades. Excessive absenteeism, whether excused or unexcused, may result in a student’s course grade being reduced or assignment of a grade of “F.” Absences are accumulated beginning with the first day of class.

---

**Instructor’s Attendance and Participation Policy**

As a student in a professional practice course at Prairie View A&M University you are expected to attend each class. Class attendance is recorded on roll sheets that are circulated to record your name and signature. Since attendance is critical to the learning objectives and the class discussions, your attendance will determine 10% of your final grade for the course.

Participation and absences are accumulated beginning with the first day of class on **August 26, 2019**

1. It is imperative that students attend all course meetings in order to receive the best possible final grade. For each unexcused absence, a student will lose 2 points from their attendance grade. Upon the fourth unexcused absence, the student may lose a full letter grade from their final grade for the course and that student will be required to meet with a student advisor regarding their ability to attend future classes.
2. Full attendance includes showing up to class on time. Students who are late to class will forfeit 1 point from their final grade.
3. Full attendance also includes active participation in course work and discussions.
4. Students who are found to be using class time on anything other than work related to this course will be issued a warning. Any subsequent misuse of class time will result in the loss of a point from that student’s final grade.

Per university guidelines, excuses absences are included below:

1. Participation in an activity appearing on the University authorized activity list.
2. Death or major illness in a student’s immediate family.
3. Illness of a dependent family member.
4. Participation in legal proceedings that requires a student’s presence.
5. Religious holy day.
6. Confinement because of illness.
7. Required participation in military duties.

If you miss class for one of these reasons, you must provide a memorandum plus supporting documentation to clear the absence from your record. These documents will be accepted for **ONE WEEK AFTER THE ABSENCE HAS OCCURRED**. There will be **NO exceptions** to this rule. This includes student-athletes who are to provide university forms for reporting absences to participate in approved competitions. **Emails will not be accepted** to clear these absences. After that, the involvement grade stands. If you have another reason other than these seven for being absent, you may submit a memorandum with supporting documentation requesting that the absence be removed from your record for **ONE WEEK AFTER THE ABSENCE HAS OCCURRED**.

There will be **NO exceptions** to this rule. All requests will be reviewed and approved or disapproved based upon the justification that you provide in your memorandum. While other reasons for being absent are rarely approved; it is understood that you might feel that there is a higher priority that requires you to miss class. In accepting your decision to miss class, **you must also be willing to accept the instructor’s decision to not award you involvement points for the class or classes that are missed.**
### Personal Conduct

*Edit to fit your course.*

Students and faculty are expected to conduct themselves in ways that support individual learning and the learning of others. To that end members of the classroom community will conduct themselves in a professional and ethical manner to achieve these objectives. Any conduct construed to interfere with the learning opportunities of members of the class may result in the removal of the student from the class for that day. Repeated inappropriate conduct will result in permanent removal from the class. Based upon the fact that you are preparing for professional employment, you are expected to adhere to the following specific guidelines:

1. During regular class periods, all students are expected to dress appropriately in accordance with university regulations so that no disruptions in the learning experience will occur.

2. No hats or caps will be allowed to be worn in the classroom during class sessions. If you elect to wear a hat or cap during the lectures or class discussion, your decision will be respected. However, you should also respect the instructor's decision to not award you daily participation points based upon that decision.

3. Dress Code for Presentations: Professional dress is expected for all design and technical presentations in class. Failure to adhere to the guidelines posted by the instructor will result in a deduction of ten percent (10%) from your final presentation score.

4. Cellular telephones are to be turned off or put on silent ring tone during the class period. Texting is strictly prohibited during the class period. No “ear phone” units will be allowed. If your cell phone rings during the lecture or you are texting, you are subject to losing all participation points for that class period.

5. Laptops must emit no noise. Make sure your laptop is warmed up and your battery charged before class starts. A laptop is allowed only for taking notes or accessing relevant course material during the class. Checking email, playing a game, messaging and other non-class related activities are not allowed at any time.

6. Harassment of your fellow students of any kind will not be tolerated.

7. No children, friends, family members or guests are allowed in the class without prior approval. Failure to adhere to this rule will result in a “0” for that class period.

8. Plagiarized work of any kind (text, graphic or model form) is unacceptable and subject to serious disciplinary action.

### Conduct of the Class and Care of the Facility

Please note the following rules for the conduct of the class.

1. Class will begin at the appointed time.

2. Class is dismissed when so indicated by the instructor. Students are expected to be on time and stay throughout the entire class period. Leaving the classroom before the class is dismissed without prior approval from the instructor will result in a loss of participation for that class.

3. All class members are required to keep the classroom in a clean and orderly manner to facilitate the number of students using it each day. Failure to maintain the classroom as requested by the instructor will result in a deduction in participation points for all class members for that date of instruction.

4. Lecture Notes and Handouts will be sent to your official university email or school server \soaflsvr01\ . Handouts distributed during a class period will not be distributed at any other time. It is the student's responsibility to get a copy form another student or source.

### Submission of Assignments:

Assignments are due at the start of the class session. No late work will be accepted without documentation.

- While the majority of the work produced in class will be produced by hand, it is crucial and mandatory that the work be documented digitally throughout the semester. Two dimensional work should be scanned upon completion. Three-dimensional work should be photographed with appropriate lighting and background. All digital work should be uploaded to Dropbox.com or the server \soaflsvr01\ . Select digital work will be uploaded to Archinect.com.

### Formatting Documents:

Microsoft Word is the standard word processing tool used at PVAMU. If you are using other word processors, be sure to save the document in either the Microsoft Word, Rich-Text, or plain text format.

### Exam Policy:

All students must attend project reviews in their entirety. Reviews are an opportunity for each student to learn
from the discussions that take place, which makes it vital that all students are present and attentive during these conversations. It is also unfair for students to continue working while others have respected the deadlines. Attendance and participation in reviews will be considered as part of your grade.

Professional Organizations and Journals

University Rules and Procedures

| Disability Statement (See Student Handbook): | Students with disabilities, including learning disabilities, who wish to request accommodations in class should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator. Students should also inform the instructor of their need for accommodations immediately at the outset of the course so that a solution designed to being successful in class can be produced. |
| Academic Misconduct (See Student Handbook): | You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures. |
| Forms Of Academic Dishonesty: | 1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.  
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.  
3. Fabrication: use of invented information or falsified research.  
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism. |
| Nonacademic Misconduct (See Student Handbook): | The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either:  
(1) the instructor’s ability to conduct the class;  
(2) the inability of other students to profit from the instructional program, or  
(3) Campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures. |
| Sexual misconduct (See Student Handbook): | Sexual harassment of students and employers at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action. |
| Student Academic Appeals Process | Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint. |
ACCREDITATION/ASSESSMENT CRITERIA Table No. 1-NAAB CRITERIA

This course is structured to assist the student meet the following criteria shown in Table No. 1 as established by the National Architectural Accreditation Board (NAAB). To view the entire list, go to the NAAB website, www.naab.org and access "2014 NAAB Conditions for Accreditation."
