Catalog Description: This is an academically challenging course in which Cadets will study, practice, and apply the fundamentals of Army Leadership, Officership, Army Values and Ethics, personal development, and small unit tactics at the Platoon level. At the conclusion of this course, Cadets will be capable of planning, coordinating, navigating, motivating, and leading a Squad and Platoon in the execution of a mission during a classroom Practical Exercise (PE), a Leadership Lab, or during a Leader Training Exercise (LTX). Cadets will be required to write peer evaluations. Course Procedures or Additional Instructor Policies

**COURSE DESIGN**

This course was designed to be student-centric with the onus of learning on the student, but facilitated by the Cadre. Army Officers are expected to be life-long learners who take responsibility and personal initiative for their learning. Cadets must properly conduct their pre-class assignments to gain an understanding of the foundation on each subject in the course. Doing so will allow the Cadre to spend the majority of the class time on specific areas that are least understood from the lessons, rather than re-teaching the subject from scratch. Cadets are expected to do homework so the Cadre can spend more time sharing his/her wealth of personal and professional knowledge and experiences with the class. Class will be conducted in an interactive manner with ample opportunities for small group discussions and practical exercises. Everyone will be responsible for contributing to the success of the learning experience.
POLICIES AND PROCEDURES

Attendance Policy
Unless otherwise stated in the course syllabus/outline, or unless an absence is excused in accordance with this policy, Cadets are expected to attend and participate in all scheduled class meetings. Cadre are expected to communicate class attendance and participation requirements in the course syllabus/outline. Cadets are responsible for meeting the attendance and participation requirements in each course. If there are any questions or concerns over the requirements, Cadets should speak directly to the Cadre at the beginning of the semester.

• Notification of Cadre
  1) Planned Absences. Cadets must notify Cadres at least one week prior to the planned absences. If the absence is for military service the Cadets should provide to the Cadre a copy of the military orders or documents.
  2) Illness or other extenuating circumstances. Cadets should notify the Cadre directly of absence due to illness or other extenuating circumstance. Cadets must bring a Doctor’s note in the event of missed class/lab to the Cadre.

• Make up missed work
  1) Cadets are responsible for following up with Cadre members regarding missed work and assignments. With Cadre permission, make-up exams and assignments will be scheduled within a reasonable time. Make-up exams and assignments will be equivalent to and no more difficult than the original assignments.
  2) A Cadet who misses multiple class periods should seek advice from the Cadre about the advisability of continuing in the course or requesting an Incomplete grade (if the Cadet is otherwise eligible for an Incomplete).

Participation
Cadets are expected to participate actively in learning through critical reflection, inquiry, dialogue, group interactions, and field exercises. This includes participating in class discussion, sharing personal perspectives and experiences related to principles discussed in class or reading, working with fellow students to engage in class exercises, leading lab exercises, and contributing to ROTC and university events.

Physical Training (PT) & Army Physical Fitness Tests (APFT)
Cadets are required to attend physical training every Monday, Wednesday, and Friday throughout the academic year, unless directed otherwise by Cadre. Physical Training is conducted from 0530 to 0650 at Hobart Taylor Hall.
Special Population PT will be conducted every Tuesday and Thursday following the first diagnostic APFT of the semester (see below for APFT schedule). Cadets scoring above 270 Points are not required to attend special population PT. Cadets scoring between 250 and 269 points are required to attend one Special Population PT session per week. Individuals will coordinate attendance with their Cadre. Cadets scoring below 249 points are required to attend all Special Population PT sessions.

The Army and all Army personnel (including any Army military, civilian, or contractor personnel) will treat each prospect, applicant, recruit, and trainee with dignity and respect as they pursue their aspiration of serving in the military. At a minimum and as required, the prospect, applicant, recruit, trainee, recruiter, or trainer will complete the following administrative actions. Commanders may add requirements to this list.

The DD Form 2982 will be recertified annually. The form will be locally filed and kept for 1 year after the trainer has left the unit.

(2) At the onset of the first training session, trainers will brief trainees on the policies in this directive and provide information that trainees can use to contact someone in leadership if they wish to report any issue related to a trainer’s inappropriate conduct.

(3) Trainees will sign a DD Form 2983 to acknowledge their understanding and responsibilities as outlined in this directive no later than the first day of entry-level training. The DD Form 2983 will be locally filed and kept until 6 months after the trainee has left the unit.

University Rules and Procedures

Disability Statement (Also See Student Handbook):
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Disability Services, in Evans Hall, Room 317, or call 936-261-3585/3.

Academic Misconduct (See Student Handbook):
You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures.

Forms of Academic Dishonesty:
1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.
3. Fabrication: use of invented information or falsified research.
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism.

Nonacademic Misconduct (See Student Handbook)
The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor’s ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures.

Sexual Misconduct (See Student Handbook):
Sexual harassment of students and employers at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action.
Title IX Statement
Prairie View A&M University (PVAMU) is committed to supporting students and complying with the Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of sex- or gender-based discrimination, including sexual harassment, sexual assault or attempted sexual assault, we encourage you to report it. While you may talk to a faculty member about an incident of misconduct, the faculty member must report the basic facts of your experience to Ms. Alexia Taylor, PVAMU’s Title IX Coordinator. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Title IX Coordinator is designated to handle inquiries regarding non-discrimination policies and can assist you with understanding your options and connect you with on- and off-campus resources. The Title IX Coordinator can be reached by phone at 936-261-2123 or in Suite 013 in the A.I. Thomas Administration Building.

Class Attendance Policy (See Catalog for Full Attendance Policy)
Prairie View A&M University requires regular class attendance. Attending all classes supports full academic development of each learner whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or internet.

Excessive absenteeism, whether excused or unexcused, may result in a student’s course grade being reduced or in assignment of a grade of “F”. Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus.

Student Academic Appeals Process
Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.

Communication Expectations and Standards:
Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours. Urgent emails should be marked as such. Check regularly for responses.

Discussion Requirement:
Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can take place in a seminar fashion. This will be accomplished by the use of the discussion board. The exact use of discussion will be determined by the instructor.

It is strongly suggested that students type their discussion postings in a word processing application and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, it/they should be copied and pasted to the discussion board.
