**The Writing Center**
Theodore: (936) 261-3700; Hilliard Hall Rm 121 and John B. Coleman Library Rm 209
The Writing Center’s goal is to provide a friendly, stress-free environment for students from all over campus to meet with a consultant and talk about writing of all types. They provide a responsive audience and advice from experienced writers in sessions generally lasting thirty to forty-five minutes. Sessions of this length offer time to work individually with students on any aspect of the writing process: from brainstorming and drafting, to revising and proofreading. They will explore ways to improve a student’s overall writing skills. They do NOT proofread or edit for students, but instead teach proofreading and editing techniques. Their goal is to: make a better writer for the long term.

**Student Academic Success Center**
Telephone: (936) 261-1040
Student Academic Success Center identifies academic and social roadblocks that interfere with persistence and timely graduation of PVAMU students. SASC informs campus-wide policies by staying current with retention literature and best practices. Further, SASC develops programs and services that are specifically aimed at continuing the academic success of the first year. We strive to provide PVAMU students with “Navigation to Graduation”.

**The Tutoring Center**
John B. Coleman Library in Room 209
Telephone: (936) 261-1561
Hours: Monday through Thursday 12 pm to 9 pm and Friday from 8 am to 5 pm.
Email: AEtutorial@pvamu.edu

**Course Goals and Overview:**
The goal of this course is to develop individuals’ perception and manipulative skills in sculpture by introducing students to a wide range of sculpting materials and methods. Visual interpretation will include both academic and contemporary approaches.

**Course Outcomes/Learning Objectives**
At the end of this course, the student will
1. Have gained a knowledge of various sculpture medium
2. Have demonstrated the use of various sculpting techniques
3. Have completed art work that are 3d, high relief, molded and assembled
4. Become proficient with basic sculpting media, tools, and techniques
5. Develop a basis for evaluating the work of others by understanding the vocabulary of sculpture
6. Produce a portfolio of 3-D works focusing on the methods and techniques listed above
Course Requirements & Evaluation Methods

This course will utilize the following instruments to determine student grades and proficiency of the learning outcomes for the course.

- **Assignments/Papers/Exercises**: Written assignments designed to supplement and reinforce course material, this includes your Design Notebook/Journal.
- **Projects**: Assignments designed to measure ability to apply presented course material. Each project will be graded on the following criteria: Project Requirements, Sketch Process/Creativity, Message/Center of Interest, Execution/Technique, and Deadlines.
- **Participation**: Participation in class discussions and critiques. This grade will be imbedded into the project grades.
- **Attendance**: See attendance policy for complete calculations of grades.

Course Procedures

University Attendance Policy: Prairie View A&M University requires regular class attendance. Excessive absences will result in lowered grades. Excessive absenteeism, whether excused or unexcused, may
result in a student’s course grade being reduced or assignment of a grade of "F." Absences are accumulated beginning with the first day of class.

<table>
<thead>
<tr>
<th>Instructor’s Attendance and Participation Policy</th>
</tr>
</thead>
</table>
| If you are absent, it is your responsibility to know what you have missed BEFORE you attend the next class session. Check eCourses and project sheets for all updates.  

Your attendance and participation are expected and required. This is a studio class designed to be an interactive and collaborative environment that encourages students to create works as well as discuss design. If you are absent or do not participate then you are not an asset to the learning environment and you cannot successfully progress in the coursework. Attendance during lectures, demonstrations, and studio time is critical to passing the course.  

Absences  
More than 4 absences by a student during the semester will result in a reduction of student’s final semester grade by one letter. 8 or more absences will result in course failure.  

Tardies  
A student is marked as tardy if he/she arrives after the roll has been called. Early departures from class will be marked as an absence. A student arriving more than thirty minutes after the start time of the class will be marked absent. 3 tardies will be equal to 1 absence. If you are tardy, it is your responsibility to let your instructor know you are present.  

Personal Conduct  
Students and faculty are expected to conduct themselves in ways that support individual learning and the learning of others. To that end members of the classroom community will conduct themselves in a professional and ethical manner to achieve these objectives. Any conduct construed to interfere with the learning opportunities of members of the class may result in the removal of the student from the class for that day. Repeated inappropriate conduct will result in permanent removal from the class. Based upon the fact that you are preparing for professional employment, you are expected to adhere to the following specific guidelines:  

1. **During regular class periods all students are expected to dress appropriately** in accordance with university regulations so that no disruptions in the learning experience will occur. Since this is a studio environment, there will be times your clothing may get soiled. Keep that in mind as you prepare to attend class.  

2. **Dress Code for Presentations**: Professional dress is expected for all design and technical presentations in class.  

   **Men**: Khaki or dark pants, neatly pressed. No cargo pants or patterned pants are allowed. Pressed long-sleeved, buttoned solid shirt. Polo style shirts, unwrinkled, are appropriate as well. Shirt must be tucked into the pants. If possible, wear leather belt and leather shoes. Athletic shoes and rubber-soled shoes are inappropriate. Hair and facial hair should be neat and presentable. You must wear dress socks!  

   **Women**: Dark skirt or pants. Khaki pants are acceptable. No cargo pants. Skirt should fall 2 inches above the knee or lower. Buttoned solid shirt. Sweaters are appropriate. Mini-skirts and cleavage are inappropriate. Shoes should be dark in color. Height of the heel should not exceed 2.5 to 3 inches. Stilettos are inappropriate. Jewelry should be minimal and not overwhelming: no large earrings, necklaces, and bracelets. Hair must be neat and presentable and make-up should not be dramatic.  

3. **No food or drink** is allowed in the classroom at any time.  

4. **Everyone must participate in class critiques**. These sessions are required to build your design vocabulary and develop a critical eye for evaluating others' works. Voice your critique and then offer suggestions for improvement. Do your best to speak
respectfully to your fellow classmates. **Do not take critiques from faculty and students as a personal attack.** You must learn to develop an objective view of critiques. Rejection of design ideas is common because your preliminary work may not be the most appropriate solution.

5. **Cellular telephones are to be turned off or put on silent ring tone** during the class period. Texting is strictly prohibited during the class period. No “ear phone” units will be allowed. If your cell phone rings during the lecture/class discussion and critiques or you are texting, then you are subject to losing participation points for that class period. Excessive phone use will result in an absence for that class period.

6. **Laptops must emit no noise.** Make sure your laptop is warmed up and your battery charged before class starts. A laptop is allowed only for taking notes or accessing relevant course material during the class. Checking email, playing a game, messaging and other non-class related activities are not allowed at any time.

7. **Harassment** of your fellow students of any kind will not be tolerated.

8. **No children, friends, family members or guests are allowed in the class without prior approval.**

**University Rules and Procedures**

| **Disability Statement** (See Student Handbook): | Students with disabilities, including learning disabilities, who wish to request accommodations in class should register with the Services for Students with Disabilities (SSD) early in the semester so that appropriate arrangements may be made. In accordance with federal laws, a student requesting special accommodations must provide documentation of their disability to the SSD coordinator. Students should also inform the instructor of their need for accommodations immediately at the outset of the course so that a solution designed to being successful in class can be produced. |
| **Academic Misconduct (See Student Handbook):** | You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures. |
| **Forms Of Academic Dishonesty:** | 1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations. 
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test. 
3. Fabrication: use of invented information or falsified research. 
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism. |
| **Nonacademic Misconduct (See Student Handbook):** | The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either: (1) the instructor’s ability to conduct the class; (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures. |
| **Sexual misconduct (See Student Handbook):** | Sexual harassment of students and employers at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action. |
| **Student Academic Appeals Process** | Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor’s assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint. |
