Course Procedures or Additional Instructor Policies

**Make-up Policy:** You will only be allowed to make up an exam or assignment if you have a valid excuse. Valid excuses include documented illness, school or business trips, or family crises. Without proper documentation, there will be no makeup assignments. **If granted a make-up, you have a period of seven days to schedule your make-up assignment or exam. After that point, the grade becomes a zero.** Please provide written documentation for why you need to make up an assignment from a university official, doctor, police officer, or coach. Student athletes must notify me **BEFORE** they attend an event to represent the school and **MUST** be proactive in getting their assignments completed. Make up exams may be an essay/short answer test or a modified version of the original exam. Any assigned extra credit cannot be made up.
Grade Groveling Policy: Students concerned about their grades should endeavor to attend all class sessions and complete all work to the best of their ability. Students earn high grades, based on demonstrating mastery of the subject matter and not based on what they want or need for their overall GPA. Therefore, no grade groveling will be entertained and no “do-overs” allowed.

Attendance Policy:

Weekly Attendance in this course is based on your attending the weekly zoom sessions and participating on time and for the duration. If you do not attend the discussion you will be counted absent for the week.

BOOK PRECIS INSTRUCTIONS

Taskstream

Taskstream is a tool that Prairie View A&M University uses for assessment purposes. At least one of your assignments is REQUIRED to be submitted as an “artifact,” an item of coursework that serves as evidence that course objectives are met. More information will be provided during the semester, but for general information, you can visit Taskstream via the link in eCourses. The assignment below will be submitted via taskstream.

Book Précis – For this assignment, you’ll write a précis on the required readings (book and articles) used in this course. A précis is a summary and critical evaluation of scholarly works (In this case a book and at minimum three articles). It will typically take the following form:

A. Full bibliographic citation in Chicago of Style Manual format of the book.
B. First paragraph: an objective summary or abstract of the publication. This paragraph should present the information as objectively as possible. You’ll have a chance to critique the argument in the second part of your précis. You should not use the abstract published for the book. The first paragraph should contain the following information:
   1. The overall argument that the author is making, including the author’s thesis, the logical thread of the argument, the kinds of support provided, and so forth. If the author invents or uses special terms to argue the case, mention and define them.
   2. The context for the argument. What critics or points of view is the author attempting to refute? Where does the author’s argument fit into the larger critical discussion of the issue? Is the author attempting to overturn certain assumptions about the work, and, if so, what are those assumptions?
C. Second and third paragraphs: a critical analysis of the publication. In this paragraph, you’ll assess the strengths and weaknesses of the article and discuss the implications of its reasoning for future study of the work. These questions may help you get started:
   1. What parts of the book/articles were especially strong or insightful, and why?
   2. In what parts of the scholarly works (if any) did the author make claims that were not supported by the evidence? Were there any flaws in the logic of the piece?
   3. In what ways is this book useful for understanding the historical topic covered? How significant is it?
D. You may use more paragraphs if you need to, but you should follow this basic format.
E. Length: Approximately 2 typed, double-spaced pages
   1. Late submittals will be penalized a letter grade or more.

University Rules and Procedures

Disability Statement (Also See Student Handbook):
The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Disability Services, in Evans Hall, Room 317, or call 936-261-3585/3.

Academic Misconduct (See Student Handbook):
You are expected to practice academic honesty in every aspect of this course and all other courses. Make sure you are familiar with your Student Handbook, especially the section on academic misconduct. Students who engage in academic misconduct are subject to university disciplinary procedures.

Forms of Academic Dishonesty:
1. Cheating: deception in which a student misrepresents that he/she has mastered information on an academic exercise that he/she has not mastered; giving or receiving aid unauthorized by the instructor on assignments or examinations.
2. Academic misconduct: tampering with grades or taking part in obtaining or distributing any part of a scheduled test.
3. Fabrication: use of invented information or falsified research.
4. Plagiarism: unacknowledged quotation and/or paraphrase of someone else’s words, ideas, or data as one’s own in work submitted for credit. Failure to identify information or essays from the Internet and submitting them as one’s own work also constitutes plagiarism.

Nonacademic Misconduct (See Student Handbook)
The university respects the rights of instructors to teach and students to learn. Maintenance of these rights requires campus conditions that do not impede their exercise. Campus behavior that interferes with either (1) the instructor’s ability to conduct the class, (2) the inability of other students to profit from the instructional program, or (3) campus behavior that interferes with the rights of others will not be tolerated. An individual engaging in such disruptive behavior may be subject to disciplinary action. Such incidents will be adjudicated by the Dean of Students under nonacademic procedures.
Sexual Misconduct (See Student Handbook):

Sexual harassment of students and employers at Prairie View A&M University is unacceptable and will not be tolerated. Any member of the university community violating this policy will be subject to disciplinary action.

Title IX Statement

Prairie View A&M University (PVAMU) is committed to supporting students and complying with the Texas A&M University System non-discrimination policy. It seeks to establish an environment that is free of bias, discrimination, and harassment. If you experience an incident of sex- or gender-based discrimination, including sexual harassment, sexual assault or attempted sexual assault, we encourage you to report it. While you may talk to a faculty member about an incident of misconduct, the faculty member must report the basic facts of your experience to Ms. Alexia Taylor, PVAMU's Title IX Coordinator. If you would like to speak with someone who may be able to afford you privacy or confidentiality, there are individuals who can meet with you. The Title IX Coordinator is designated to handle inquiries regarding non-discrimination policies and can assist you with understanding your options and connect you with on- and off-campus resources. The Title IX Coordinator can be reached by phone at 936-261-2123 or in Suite 013 in the A.I. Thomas Administration Building.

Class Attendance Policy (See Catalog for Full Attendance Policy)

Prairie View A&M University requires regular class attendance. Attending all classes supports full academic development of each learner whether classes are taught with the instructor physically present or via distance learning technologies such as interactive video and/or internet.

Excessive absenteeism, whether excused or unexcused, may result in a student's course grade being reduced or in assignment of a grade of "F". Absences are accumulated beginning with the first day of class during regular semesters and summer terms. Each faculty member will include the University's attendance policy in each course syllabus.

Student Academic Appeals Process

Authority and responsibility for assigning grades to students rests with the faculty. However, in those instances where students believe that miscommunication, errors, or unfairness of any kind may have adversely affected the instructor's assessment of their academic performance, the student has a right to appeal by the procedure listed in the Undergraduate Catalog and by doing so within thirty days of receiving the grade or experiencing any other problematic academic event that prompted the complaint.

Technical Support:

Students should go to https://mypassword.pvamu.edu/ if they have password issues. The page will provide instructions for resetting passwords and contact information if login issues persist. For other technical questions regarding eCourses, call the Office of Distance Learning at 936-261-3283

Communication Expectations and Standards:

Emails or discussion postings will receive a response from the instructor, usually in less than 48 hours. Urgent emails should be marked as such. Check regularly for responses.

Discussion Requirement:

Online courses often require minimal to no face-to-face meetings. However, conversations about the readings, lectures, materials, and other aspects of the course can take place in a seminar fashion. This will be accomplished by the use of the discussion board. The exact use of discussion will be determined by the instructor.

It is strongly suggested that students type their discussion postings in a word processing application and save it to their PC or a removable drive before posting to the discussion board. This is important for two reasons: 1) If for some reason your discussion responses are lost in your online course, you will have another copy; 2) Grammatical errors can be greatly minimized by the use of the spell-and-grammar check functions in word processing applications. Once the post(s) have been typed and corrected in the word processing application, it/they should be copied and pasted to the discussion board.
