	<p>“I trust that my use of words such as “capitalism,” “imperialism,” and “neocolonialism” will not be deemed as a cover for sinister intent. My indulgence in those terms is aimed at exposing a system which is barbarous and dehumanizing—one which snatched me from Africa in chains and deposited me in far-off lands to be a slave beast, then a sub-human colonial subject, and finally an outlaw in those lands. Under those circumstances, one asks nothing more but to be allowed to learn from, participate in, and be guided by the African Revolution in this part of the continent; for this Revolution here is aimed at destroying that monstrous system and replacing it with a just socialist society.”</p> <p style="text-align: right;">-Walter A.
